UNIVERSITY OF TORONTO
UNDERGRADUATE ADMISSIONS BULLETIN 2017/18
JOIN US FOR OUR FALL CAMPUS DAY OPEN HOUSES

U of T St. George
October 22, 2016

U of T Mississauga
October 23, 2016

U of T Scarborough
November 12, 2016

Details and registration can be found at discover.utoronto.ca/fallcampusdays

HOW TO APPLY

All applicants apply to U of T through the Ontario Universities’ Application Centre (OUAC): www.ouac.on.ca.

We encourage you to apply well in advance of the published deadlines. Spaces fill quickly and programs may close before the application deadlines listed below.

Full-Time Degree Applicants

Full-time studies begin in September only.

Ontario Secondary School Applicants

If you are a current full-time Ontario secondary school student, your school will issue a PIN giving you access to the OUAC “101” online application, and will send us your marks via the OUAC.

101 Application Deadlines

January 13 – Applied Science and Engineering; Architectural Studies and Visual Studies; International Foundation Program; Kinesiology and Physical Education; Music; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

February 1 – Medical Radiation Sciences; Nursing; Physician’s Assistant

*Please note that the recommended deadline for all programs is November 1, 2016.

Part-Time Degree Applicants

Part-time degree studies begin in September or May only. Apply online using the Part-Time Degree application at www.adm.utoronto.ca/applications. For a complete list of programs that are offered on a part-time basis, refer to the online application. Part-time students can take courses during the day and evening (when available). Students who are only able to attend classes in the evening should consult the appropriate online timetable at www.utoronto.ca.

Part-Time Application Deadlines

SUMMER SESSION:

January 13 – U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

FALL/WINTER SESSION:

January 13 – Applied Science and Engineering; U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

*Please note that the recommended deadline for all programs is November 1, 2016.
Non-Degree Applicants

Non-degree studies begin in September or May only. Apply online using the Non-Degree application at www.adm.utoronto.ca/applications if you wish to enrol in degree credit courses but not towards a degree. Please note that it may not be possible to register in courses that are in high demand.

Faculty of Arts and Science, U of T St. George:
Non-Degree students may not enrol in Rotman Commerce courses.

University of Toronto Mississauga:
An undergraduate degree from a recognized institution is required. Non-Degree students may not enrol in Commerce or Management courses.

University of Toronto Scarborough:
Non-Degree students may not be considered for admission to the first-year Management and Economics course.

If you are interested in non-degree studies in a professional division (Architecture, Landscape, and Design; Engineering; Kinesiology and Physical Education; Music), contact the division directly.

Non-Degree Application Deadlines

SUMMER SESSION:
January 13 – U of T St. George (Arts, Science, Commerce); U of T Mississauga; U of T Scarborough

FALL/WINTER SESSION:
January 13 – U of T St. George
June 2 – U of T Mississauga; U of T Scarborough

*Please note that the recommended deadline for all programs is November 1, 2016.

ADMISSION QUALIFICATIONS

Applicants who are competitive for admission to the University of Toronto are among the top third of their class. Only those applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. For a complete list of admission qualifications including academic and non-academic requirements visit www.adm.utoronto.ca.

Canadian Secondary School

Refer to the Canadian Secondary School Qualifications and Course Equivalents chart for detailed information about minimum admission requirements for Canadian secondary school applicants. Secondary School and Diploma must be recognized by the Provincial Ministry of Education. Applicants must present all the requirements, including prerequisite courses (see program charts) and supplementary or profile information (if required). All programs have limited space and the admission selection process is competitive. Transfer credit towards arts, science and commerce/management programs is considered for some academic AP and IB subjects. More information is available at www.adm.utoronto.ca/TransferCredits.

International Baccalaureate

The diploma including English HL or SL is required. Applicants should present Mathematics HL or SL for programs requiring Calculus (Math Studies is not acceptable). Applicants in their final year of the diploma may be considered with predicted results of 27 or higher. More competitive programs require higher predicted results. Transfer credit towards arts, science, and commerce/management programs is considered for some IB Higher Level Subjects with a grade of at least 5. More information is available at www.adm.utoronto.ca/TransferCredits.

Ontario Colleges of Applied Arts and Technology (CAAT) / Institutes of Technology and Advanced Learning

Excellent overall grade point average in an academic program is required for admission consideration. All program prerequisites must be met at the Grade 12 U/M level and all supplementary or profile information (if required) must be presented. Two full CAAT semesters of an academic subject may be considered as equivalent to a Grade 12 U/M level prerequisite.

Applicants who have completed a two-year academic diploma may receive up to three full credits towards an arts, science, commerce/management program. A three-year academic diploma or a four-year degree may receive up to five credits towards a degree. The admission selection process is competitive.

We also have specific transfer articulation agreements with some Ontario colleges:
- Faculty of Arts & Science
  uoft.me/diplomatodegree
- U of T Mississauga
  www.utm.utoronto.ca/pathways

University Transfer Applicants

Arts, Science and Business

Arts, Science, Business (all campuses)
Applicants must meet the minimum admission requirements for their program. Refer to www.adm.utoronto.ca for detailed information about requirements for your educational jurisdiction.

Applicants who have completed studies beyond the minimum requirements at a recognized postsecondary institution will be considered for a maximum of two years of transfer credits.

Transfer credits will be assessed after admission, and once the Transfer Credit Assessment application has been completed. Details will be provided after an offer of admission is made. Interviews may be required.

Applicants who already hold a bachelor’s degree, or have completed more than two years of degree studies at another recognized postsecondary institution can only apply to a different field of study. For instance students who have completed a degree in, or have majored in economics, management, commerce or business, cannot complete a Bachelor of Commerce or Bachelor of Business Administration degree.

If admitted to a different program, these applicants will be granted a maximum of one year of transfer credit (five full credit courses).

Undergraduate degree holders who wish to take additional undergraduate courses in their field, perhaps in order to qualify for graduate level studies, may consider applying for Non-degree studies. Please note that it may not be possible to register as a Non-degree student in courses that are in high demand.

All Other Program Areas

Excellent academic achievement is required for admission consideration. Applicants admitted to other divisions may receive a statement regarding transfer credit assessment procedures at the time of admission or shortly thereafter or after registration.

Applicants who hold an undergraduate degree in Engineering cannot be offered admission to our undergraduate Engineering program.
BRIDGING PROGRAMS

The Academic Bridging Program, Woodsworth College, St. George campus and U of T Mississauga Bridging Pathway provide an opportunity for Canadian citizens/permanent residents/protected persons (convention refugees) who do not hold the published admission requirements to qualify for degree studies. For more information, contact:

ENGLISH LANGUAGE REQUIREMENTS

Proof of adequate English facility is required from all applicants except for those:
- whose first language (i.e. the language learned at home as a child) is English, or
- who have achieved satisfactory academic progress in at least four years of full-time study in an English language school system located in a country where the dominant language is English, or
- whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

See uoft.me/ELP for complete information about English language proficiency requirements, acceptable tests/qualifications and scores.

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet the English language facility requirement. They are offered on each campus and range in length from six weeks to eight months. These programs include:
- International Foundation Program uoft.me/intlfp
- Academic Culture and English Program (ACE@UTM) uoft.me/utmac
- Academic English (AE@UTSC) uoft.me/utscae

HOUSING

Residence is guaranteed for all new full-time students entering their first year of university in an undergraduate program for the first time, provided that they have indicated their interest in residence by completing the University's common residence application by March 31, and have received and accepted an offer of admission by June 1. For details contact:

U OF T S. GEORGE, STUDENT HOUSING SERVICE
T: 416.978.8045
www.housing.utoronto.ca

SCHOLARSHIPS & FINANCIAL AID

The University has comprehensive scholarship and financial aid programs that provide financial support and recognition for outstanding academic achievement at different levels of study. The University, its colleges, and faculties, award over 3,600 admission scholarships and over 5,000 in-course scholarships each year. The University’s Policy on Student Financial Support states that no student admitted to a program at the University of Toronto will be unable to enrol or complete the program because they do not have sufficient funds. This commitment to students who are Canadian citizens, permanent residents or protected persons means that the University will supplement the funding provided by government sources. This financial assurance is called UTAPS (University of Toronto Advanced Planning for Students).
TUITION FEES 2016-17

The cost of attending university varies according to the student’s program of study and place of residence during the academic year (September to April).

U of T Scholars Program

The University of Toronto Scholar Program provides recognition to the University’s outstanding students at admission and on an on-going basis. In 2016, 550 awards each with a value of $6,000 were issued to incoming first-year students. Starting in 2017, more than 700 admission awards each valued at $7,500 will be issued to incoming first-year students. All applicants are considered automatically for these scholarships based on their academic performance. Applicants who have previously attended a postsecondary institution are not eligible for U of T Scholars consideration.

President’s Scholars of Excellence

Approximately 50 of the most highly qualified students applying to first year of direct entry, undergraduate studies will be distinguished as President’s Scholars of Excellence.

This distinction includes a $10,000 entrance scholarship in first year; guaranteed access to part-time, meaningful, on-campus employment during second year; and guaranteed access to an international learning opportunity during a student’s university studies. Additional features may be offered by the admitting Faculty or division; these will be communicated explicitly in the letter of admission. Outstanding students are considered automatically for these scholarships. Applicants who have previously attended a postsecondary institution are not eligible for President’s Scholars of Excellence consideration.

Other Awards

Awards which recognize factors such as financial need, outstanding leadership, community involvement or excellence in the Humanities are also available. The application for these special awards is available through the Awards Profile after you have applied.

Applicants who have previously attended a postsecondary institution are not eligible for these special awards.

U of T’s colleges, faculties and divisions also offer scholarships, some of which require a separate application.

For further information on these and other admission awards, their application process or financial aid, refer to http://www.future.utoronto.ca

### Faculty of Science and Engineering

#### U of T Mississauga

**Academic Prerequisites**
- **BASc**
  - Grade 11 marks.
  - The University of Toronto reserves the right to set admission cut-offs for any program.
- **BMath**
  - Grade 12 academic subjects include English, Advanced Functions, Calculus and Vectors, and Physics (Electronics or Mechanics). Credit must be at least 70%.
- **BEng**
  - Grade 12 academic subjects include English, Advanced Functions, Calculus and Vectors, and a science subject at the University level (Physics, Chemistry, Biology). Credit must be at least 70%.
- **BSc**
  - Grade 12 academic subjects include English, Advanced Functions, Calculus and Vectors, and a science subject at the University level (Physics, Chemistry, Biology). Credit must be at least 70%.

**Required Subjects for Admission**
- **BASc**
  - Chemistry, Physics, or Biology.
- **BMath**
  - Advanced Functions, Calculus and Vectors, and Physics.
- **BEng**
  - Advanced Functions, Calculus and Vectors, and Physics.
- **BSc**
  - Advanced Functions, Calculus and Vectors, and Physics.

**Specializations after Year 2**
- **BASc**
  - Bioengineering, Materials in Manufacturing Health, and Sustainable Energy (offer more than one specialization)
- **BMath**
  - Bioethics, Information, and Computer Science.
- **BEng**
  - Biomaterials & Bioengineering, Materials in Manufacturing Health, Sustainable Energy (offer more than one specialization)
- **BSc**
  - Bioinformatics, Biological Chemistry, Biophysics, Biotechnology, and Environmental Science.

**Note:** All applicants are required to submit an Online Student Profile, for which a fee will be charged.
