

2027-28 Undergraduate Admissions Bulletin

Applying to U of T

Applying to U of T is a straightforward process.
You'll find more information within this bulletin.

Start your application on the Ontario Universities' Application Centre (OUAC) website in late September 2026 and submit it by **November 7, 2026** to be considered in the earliest rounds of admission. The final application deadline is January 15, 2027.

future.utoronto.ca/applying

Check your email for a link to activate your JOINid and access the application portal. **Submit any required documents and complete next steps** before the listed deadlines.

future.utoronto.ca/after-you-apply

Complete a supplemental application if required for the program(s) you applied to.

uoft.me/supplemental-applications

Submit your residence application by **March 31, 2027**, even if you haven't received an admission decision yet.

uoft.me/residence-app

Check the applicant portal for updates on your application. If you receive an offer of admission, **accept your offer** before the deadline on your offer letter.

Complete next steps

October - March

Track your application

January - May

How to Apply

Join the University of Toronto and become part of a vibrant community. All prospective applicants apply through the Ontario Universities' Application Centre (OUAC). For details on application procedures and deadlines, please visit future.utoronto.ca/applying.

Full-Time Degree Applicants

Full-time studies begin in September.

Ontario Secondary School Applicants

Apply online using the Undergraduate Application. You will need to provide your first and last name, Ontario Education Number (OEN), and your school name. Your school will send us your marks through the OUAC.

All Other Full-Time Applicants

Apply online using the Undergraduate Application. If you were previously registered or are currently registered at U of T, you can apply online using the Internal Application.

Part-Time Degree Applicants

Part-time degree studies begin in September or May. Apply online using the Part-Time Application. For a complete list of programs that are offered on a part-time basis, refer to the online application. Part-time students can take courses during the day and evening (if available). Students who can attend classes only in the evening should consult their target academic division for guidance on class times.

Non-Degree Applicants

If you wish to enrol in arts and/or science courses but not towards a degree, apply using the Non-Degree Application. Non-degree studies begin in September or May.

Please note that it may not be possible to register in courses that are in high demand. If you are interested in non-degree studies in a professional division (Architecture, Landscape, and Design; Applied Science & Engineering; Kinesiology & Physical Education; Music), contact the division directly.

Deadlines

Application Deadlines

Submitting a complete application as early as possible allows your application to be considered earlier. After the final application deadline has passed, programs that are not full may consider applicants on a rolling basis.

Application dates for full-time studies, part-time studies, and non-degree studies (summer session):

The application deadline for Non-Degree (fall session) is June 2. Application deadlines for some second-entry program areas (Nursing and Medical Radiation Sciences) are available at:

future.utoronto.ca/deadlines

Supplemental Applications

Some programs, colleges and campuses ask students to fill out a supplemental application or profile. You will be notified if you need to fill out a supplemental application or profile, as well as where to submit and when.

uoft.me/supplemental-applications

Document Deadlines

Applicants who submit required documents early can maximize their opportunities for admission consideration.

If you applied by our early consideration application date, plan to submit any required documents that are available to you by December 1. The document deadline date for most program areas is February 1; Applied Science & Engineering has a January 15 deadline. We strongly encourage you to submit all required documents well in advance of the deadlines.

Documents received after the published deadlines will be considered as space allows. For a complete list of document deadlines, see:

future.utoronto.ca/deadlines

After Applying

About a week after you submit your application, you will get an email acknowledging that we have received your application. The email will also ask you to activate a set of personal login credentials (JOINid) and then sign into the Join U of T Applicant Portal or the Engineering Applicant Portal. This will unlock the second step of the application process.

Join U of T and the Engineering Applicant Portal are one-stop applicant dashboards that list all of your next steps. They are the first place to go to check the status of your application, and the best place to go if you are not sure what to do next. When you log in, you'll be able to see if you need to provide any additional information and access our online residence application.

Admission Requirements

The minimum requirements for consideration vary by program and admission category. All applicants are required to present a Grade 12 English course for admission consideration. Many programs have additional prerequisites.

All programs have limited spaces and the selection process is competitive. Some programs require a supplemental application. For full details on admission requirements, see:

future.utoronto.ca/requirements

High School Students

Canadian Secondary School

All programs require an Ontario Secondary School Diploma (OSSD), and six Grade 12 U/M subjects, including ENG4U/EAE4U. Review the Canadian Secondary School Qualifications and Course Equivalents chart on the other side of this bulletin for comparable requirements from other Canadian provinces and territories. The admission selection process includes consideration of the Grade 11 and Grade 12 academic record. Emphasis is placed on Grade 11 results where marks in the required number of Grade 12 courses are not yet available.

International Baccalaureate

Applicants from the International Baccalaureate Program must present the complete IB diploma with English HL or SL. Complete details, including course prerequisites for programs requiring Calculus and Advanced Functions, can be found in the

Canadian Secondary School Qualifications and Course Equivalents chart in this bulletin, as well as at:

uoft.me/IB-Canada

College Transfer Applicants

A strong grade point average in an academic program is required for admission consideration. All prerequisites must be met at the Grade 12 U/M level. Two semesters of an academic subject completed at the college level may be considered as equivalent to a Grade 12 U/M level prerequisite.

Applicants who have completed a two-year academic diploma may receive up to three full credits towards an arts, science, commerce/management program. Applicants holding a three-year academic diploma or a four-year degree may receive up to five credits towards a degree.

uoft.me/universitycollegetransfer

Students interested in applying to the Faculty of Applied Science & Engineering or the Faculty of Information from a college should contact the faculty directly.

University Transfer Applicants

Admission consideration is based on the overall academic record, with an emphasis on the most recent (or highest) level of study completed, and results in prerequisite subjects. Prerequisites must be completed at the Grade 12 level or at the undergraduate level.

Note that some programs do not consider applications from students who have previously attended a postsecondary institution.

uoft.me/limited-transfer

Applicants who already hold a bachelor's degree from a recognized postsecondary institution can only apply to a different field of study. Individuals who already hold an undergraduate degree in engineering are not eligible to apply for undergraduate studies at U of T Engineering.

Students who wish to take courses at the University of Toronto for credit toward a degree at another university should contact the target campus/faculty directly. Such students must present a valid Letter of Permission from their home university.

uoft.me/universitycollegetransfer uoft.me/ENGtransfer

Non-degree Studies

Undergraduate degree holders who wish to take additional undergraduate courses, perhaps in order to qualify for graduate studies, may consider applying for non-degree studies. Please note that it may not be possible to register as a non-degree student in courses that are in high demand.

Program Areas

We offer flexibility when it comes to your program choices. You can apply to up to three different faculties or campuses in one application cycle, but only one application per area (for example, only one application to the Faculty of Arts & Science at the St. George campus).

Your applications will be considered independently from each other. That means you can receive multiple offers of admission and that your decisions may come at different times in the application cycle.

Example Scenarios

Scenario #1

You could apply once to the Faculty of Music, the Faculty of Kinesiology & Physical Education, and the Faculty of Arts & Science.

Scenario #2

You cannot apply to two program areas within the Faculty of Arts & Science.

Scenario #3

You could apply once to U of T Mississauga, U of T Scarborough, and the Faculty of Applied Science & Engineering (St. George campus).

Scenario #4

You cannot apply to two program areas at U of T Mississauga.

Transfer Credit

High School

Transfer credit towards arts, science and commerce/management programs is considered for some academic AP and IB subjects. Learn more:

uoft.me/hs-transfer-credit

Postsecondary

Transfer credit may be granted for undergraduate studies completed at a recognized postsecondary institution. Details about the transfer credit process will be provided after an offer of admission is made. Prospective students should consult the website of their target faculty for more information.

uoft.me/univ-transfer-credit

Pathway Programs

Transitional Year Programme

The Transitional Year Programme (TYP) is a full-time, eight-month access to university program that is intended for adults who do not have the formal qualifications for university admission due to circumstances beyond their control, such as financial, social, personal, political, familial or mental health barriers. The program is available to Canadian citizens, permanent residents, or protected persons.

- **TYP at U of T St. George**
416-978-6832 | ttyp.info@utoronto.ca
typ.utoronto.ca

Bridging Programs

Bridging programs provide an opportunity for Canadian citizens, permanent residents, and protected persons who lack the published requirements to qualify for admission to a degree program.

- **Millie Rotman Shime Academic Bridging Program**
416-978-4444 | academic.bridging@utoronto.ca
www.utoronto.ca/bridging
- **U of T Mississauga Access & Bridging Programs**
905-828-5400 | pathways.utm@utoronto.ca
uoft.me/utm admissions

College Articulation Agreements

We have specific transfer articulation agreements with some Ontario colleges:

- **Faculty of Arts & Science**
www.utoronto.ca/diploma-to-degree
- **U of T Scarborough**
utsc.utoronto.ca/pathways

English Language Pathway Programs

Academically qualified students who do not meet our English language requirements may be interested in our English language programs. Students will meet our English language requirement if these programs are completed successfully. They are offered on each campus and range in length from six weeks to eight months.

- **International Foundation Program**
internationalprograms.utoronto.ca
- **Academic Culture and English Program (ACE@UTM)**
uoft.me/utmace
- **Academic English at U of T Scarborough**
uoft.me/academicenglish

English Language Requirements

Proof of adequate English facility is required from all applicants except for those:

- whose first language (i.e., the language learned at home as a child) is English; or
- who have achieved satisfactory results in at least four years of full-time academic study in an English language school system located in a country where the dominant language is English; or
- whose first language is French and who have achieved satisfactory results in at least four years of full-time academic study in Canada.

For full details about English language requirements, visit uoft.me/elr

For information about English Language Pathway Programs, see the “Pathway Programs” section of this document.

Tests and Qualifications That Provide Acceptable Evidence of English Facility

Academic English Course, School of Continuing Studies, University of Toronto
The minimum requirement is completion of Academic English Level 60 with grade of ‘B.’ uoft.me/academic-english-program

Duolingo English Test

The minimum requirement is an overall score of 120 with at least 120 in Production.

GCE A/AS Level English

The minimum requirement is English or English Language with grade of ‘C.’

GCSE/IGCSE/GCE O Level English

The minimum requirement is English or English Language or English as a Second Language with a final grade of ‘B’ (or ‘6’ in reformed qualifications).

International Baccalaureate English

The minimum requirement is Higher Level or Standard Level English A: Literature or English A: Language and Literature with a score of 4 (predicted or final). English B HL with a score of 7 (predicted/final) is also accepted.

International English Language Testing System (IELTS) Academic

The minimum requirement is an overall band of 6.5 with no band lower than 6.0.

Pearson Test of English (PTE) Academic

The minimum requirement is an overall score of 65 with no part below 60.

TOEFL iBT

The minimum requirement is an overall score of 4.5 with 4.5 in Writing and 4.0 in Speaking. For applicants who completed the test before January 21, 2026, the minimum requirement is a total score of 89 with 22 in each of Speaking and Writing.

Other Common English Proficiency Tests/Qualifications

Other English language tests/qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, be sure to visit uoft.me/elr

Scholarships & Financial Aid

The university has comprehensive scholarship and financial aid programs that provide financial support and recognition for outstanding academic achievement at different levels of study. The university, and its colleges and faculties, award 9,100+ admission scholarships that total almost \$113 million each year, along with 6,375 in-course scholarships. Students are automatically considered for most admission awards when they apply to U of T.

University of Toronto Advanced Planning for Students (UTAPS)

UTAPS is the university's largest need-based support program and covers the financial gap between a student's actual education costs and the costs recognized by their provincial/territorial government student financial aid program. In other words, UTAPS covers unmet financial need. Through UTAPS, U of T provides non-repayable grants to students to help cover this financial need gap, or unmet need. Learn more:

uoft.me/utaps

U of T Scholars Program

The University of Toronto Scholars Program recognizes outstanding students. About 700 U of T Scholars Awards will be given to students, each with a value of \$10,000. Applicants are automatically assessed based on their academic performance.

President's Scholars of Excellence

Approximately 150 of the most highly qualified students applying to first year of direct-entry, undergraduate studies will be distinguished as President's Scholars of Excellence.

This distinction includes a \$15,000 entrance scholarship in first year; additional features may be offered by the admitting division. Outstanding students are considered automatically for these scholarships.

National Scholarship Program

The National Scholarship recognizes Canadian secondary school students who demonstrate superior academic performance, original and creative thought, and exceptional achievement in a broad context. They excel in academic pursuits, demonstrate enthusiasm for intellectual exploration and have a strong involvement in the lives of their schools and communities.

Each year, approximately 15 students are named National Scholars and 10 are named Arbor Scholars. This scholarship requires a separate application, due in early fall of your final year of secondary school. Find out more and apply here:

future.utoronto.ca/national-scholarship

Lester B. Pearson International Scholarship

While the National Scholarship Program is for Canadian students, international students studying in Canada can be nominated for the

Lester B. Pearson International Scholarship. To become a Pearson Scholar, students must be nominated by their school and apply to undergraduate studies at U of T. Learn more:

future.utoronto.ca/pearson-scholarships

Awards Profile

The Awards Profile is each applicant's best opportunity to make themselves eligible for a wide range of awards with a single application. The Awards Profile makes it possible for eligible domestic applicants to be considered for admission awards based on financial need, leadership, school involvement, community, extra-curricular activities, and other criteria. You can access the Awards Profile through your applicant portal. The deadline to submit is February 1, 2027.

uoft.me/awards-profile

More About Financial Aid & Awards

Applicants who have previously attended a postsecondary institution are not eligible for awards consideration on admission.

U of T's colleges, faculties and divisions also offer scholarships, some of which require a separate application.

For more on these and other admission awards, their application processes, financial aid, or our Award Explorer be sure to visit us online:

future.utoronto.ca/financial-aid
future.utoronto.ca/scholarships
awardexplorer.utoronto.ca

Tuition Fees

The cost of attending university varies depending on your program of study and place of residence during the Fall-Winter academic year. All fees are specified in Canadian dollars (CAD). Updated fees for 2027-2028 will be available in the summer of 2027.

Total Fees For 2026-2027

Faculty or Program Area	Canadian Citizens, Permanent Residents		International Students
	Ontario Residents	Residents Outside of Ontario	
Applied Science & Engineering	\$16,726.83	\$19,996.83	\$76,074.83
Architecture, Landscape, and Design (Visual Studies and Architectural Studies)	\$8,267.31	\$9,657.31	\$69,105.31
Arts, Science, Commerce and Management	\$8,292.13 – \$9,062.93	\$9,682.13 – \$10,452.93	\$69,130.13 – \$69,900.93
Information	\$13,685.31	\$16,305.31	\$72,023.31
Kinesiology & Physical Education	\$8,272.31	\$9,662.31	\$54,460.31
Music	\$8,835.31	\$10,225.31	\$54,053.31

Total fees include academic fees, as well as incidental and ancillary fees. Incidental and ancillary fees vary by college and campus. Ancillary fees are associated with course-related activities, or for services that students can choose to access. Incidental fees cover the costs of services and programs that contribute to the student experience and student wellbeing, and include fees for university-operated student services (such as campus Career Centres and Hart House). Find out more about incidental and ancillary fees at viceprovoststudents.utoronto.ca/students/fees

Tuition fees increase in the second year of some programs. A complete tuition fee schedule is available at uoft.me/tuitionexplorer. International fees include UHIP, a compulsory health insurance plan for international students (\$948). Accurate at time of printing. Confirm fee schedules at future.utoronto.ca/fees

Housing & Residence Options

Residence is guaranteed for all new full-time students entering their first year of a postsecondary program for the first time, provided that they have indicated their interest in residence by completing an application on the U of T residence portal by **March 31**, and receive and accept an offer of admission by **June 1**. Students must respond to all deadlines and meet all deposit requirements in order to maintain their eligibility.

This information can change without notice. Please check individual residence websites for up-to-date information.

* Prices are for 2026-2027. Costs include meal plan, where mandatory. Please check **residence.utoronto.ca** in Spring 2027 for updates to residence price ranges for 2027-2028.

† Optional meal plans can be purchased through U of T Food Services: **foodservices.utoronto.ca**.

Additional residence council fees may be required in addition to the above-listed fees at some residences.

Admission Consideration

Admission is competitive and subject to space availability. We seek to admit the best possible students on the basis of academic performance and potential, and will select students for admission based on competitive strength. The "Approximate Grade Requirement" indicated for each admission category is based on the admission average from the previous year. Grade requirements can vary from year to year, depending on the number and quality of applicants. The specified range is intended as a general guideline only. Details about admission requirements pertaining to your educational jurisdiction are available at: future.utoronto.ca/apply

Supplemental Applications & Auditions

Some programs, colleges and campuses ask applicants to fill out a supplemental application or profile. You will be notified if you need to fill out a supplemental application or profile, as well as where to submit and when.

Supplemental applications are required for the following program areas:

- Faculty of Applied Science & Engineering:** All programs
- John H. Daniels Faculty of Architecture, Landscape, and Design:** All programs
- Faculty of Arts & Science:** Computer Science, Rotman Commerce
- Faculty of Kinesiology and Physical Education:** All programs
- Faculty of Music:** All programs
- U of T Mississauga:** Computer Science, Theatre & Drama
- U of T Scarborough:** Management, Management & International Business, Paramedicine, International Development Studies, Music Industry & Technology, Double Degree (BBA & HBSc)

Applicants to the Faculty of Music and applicants to Theatre & Drama Studies at U of T Mississauga must complete an audition.

To learn more about supplemental applications and auditions, visit uoft.me/supplemental-applications.

Additional Information

John H. Daniels Faculty of Architecture, Landscape, and Design
Both professions of Architecture and Landscape Architecture require a graduate degree at the master's level.

Faculty of Arts & Science

Additional high school subjects may be required as prerequisites for specific courses in first year or for entry to specific programs in second year. Learn more: www.artsci.utoronto.ca/future

Faculty of Kinesiology and Physical Education

Students planning to take upper-year biology courses should take Grade 12 Chemistry. Students who wish to add a minor or major in Psychology or Physics to their BKin degree should take Grade 12 Calculus. Learn more: kinesiology.utoronto.ca

Faculty of Music

Students are recommended to apply by December 1 to ensure they have sufficient time to access and complete the Music Questionnaire.

Explore Your Options

Mixing Programs

When building an arts, science, or business degree on your chosen campus, you can mix and match Specialist (9-16 credits), Major (6-9 credits), and Minor (4-5 credits) programs to suit your goals. For example, you can pursue a Specialist, or two Majors, or one Major and two Minors. Overall, in a typical arts, science or business degree, you will take at least 20 credits across your chosen subject areas.

Work-Integrated Learning (WIL)

Many programs offer integrated co-op, internships or professional work term options. Learn more:

Canadian Secondary School Qualifications and Course Equivalents

Curriculum	Admission Requirements	English	Calculus & Vectors	Advanced Functions	Biology	Chemistry	Physics
Ontario	Secondary School Diploma with six subjects at the 4U/M level, including English. The co-op component of Grade 12 courses will not be used for admission purposes.	ENG4U / EAE4U	MCV4U	MHF4U	SB4U	SCH4U	SPH4U
British Columbia & Yukon	High School Diploma with six Grade 12 academic subjects, including English Studies 12 or English First Peoples 12.	English Studies 12 / English First Peoples 12	Calculus 12 / Calculus AP (AB / BC)	Pre-Calculus 12	Anatomy & Physiology 12	Chemistry 12	Physics 12
Alberta & Nunavut	High School Diploma with five Grade 12 academic subjects numbered 30/31, including English Language Arts 30-1.	ELA 30-1	Math 31 / Calculus AP (AB / BC)	Math 30-1	Biology 30	Chemistry 30	Physics 30
Manitoba	High School Diploma with five Grade 12 academic subjects, including English 40S plus three additional 40S level subjects. The remaining credits must be 40S or 40G.	English 40S (Comprehensive / Literary / Transactional Focus)	Calculus 42U / Calculus AP (AB/BC) / Intro to Calculus 45S and Advanced Mathematics 45S	Pre-Calculus Math 40S	Biology 40S	Chemistry 40S	Physics 40S
New Brunswick	High School Diploma with six Grade 12 academic subjects (college preparatory: 120, 121 or 122), including English, Francophone sector: High School Diploma with six Grade 12 academic subjects, including Anglès 22411.	English 120 / 121 / 122 / Anglès 22411	Calculus 120 / AP Calculus (AB / BC) / Math 30421	Pre-Calculus A 120 and Pre-Calculus B 120 / Math 30411C	Biology 122 / Biologie 53411 / 53421	Chemistry 121 / 122 / Chimie 52411	Physics 121 / 122 / Physique 51411 / 51421
Newfoundland and Labrador	High School Diploma with 10 academic credits at the 3000 level, including English.	English 3201	Math 3208 / Calculus AP (AB / BC)	Math 3200	Biology 3201	Chemistry 3202	Physics 3204
Northwest Territories	High School Diploma with six Grade 12 academic subjects, including English Studies 12 or English Indigenous Peoples 12.	English Studies 12 / English Indigenous Peoples 12	Calculus 12 / Calculus AP (AB / BC)	Pre-Calculus 12	Anatomy & Physiology 12	Chemistry 12	Physics 12
Nova Scotia	High School Diploma with five Grade 12 academic subjects (university preparatory academic or advanced), including English 12 or English 12 African Heritage.	English 12 / English 12: African Heritage	Calculus 12 / AP Calculus	Precalculus 12 / Mathematics 12	Biology 12	Chemistry 12	Physics 12
Prince Edward Island	High School Diploma with five Grade 12 academic subjects (numbered 611 or 621), including English.	English 621	Math 611B / Calculus AP (AB / BC)	Math 621A / 621B	Biology 621	Chemistry 621	Physics 621
Quebec: Grade 12	High School Diploma with six Grade 12 academic subjects, including English. The DES (Secondary V) Diploma is not an accepted basis of admission.	English	Calculus AP (AB / BC) / MCV4U	Linear Algebra / MHF4U	Biology / SB4U	Chemistry / SCH4U	Physics / SPH4U
Quebec: CEGEP	12 academic courses (excluding courses numbered 109), including English/Anglais (two terms). Students who have completed more than 12 academic subjects may receive transfer credit in arts, science, business/commerce programs. The Carte de Rendement (R Score) will be used for admission and award purposes.	2 semesters of English / Anglais	Calculus 1 (Calculus 1 & 2 and Linear Algebra are required for Engineering)	Linear Algebra	Biology 1	Chemistry 1 & 2	Physics 1 & 2
Saskatchewan	High School Diploma with five Grade 12 academic subjects numbered 30, including English Language Arts 30.	English Language Arts 30	Calculus 30 / Calculus AP (AB / BC)	Pre-Calculus 30	Biology 30	Chemistry 30	Physics 30
French Baccalaureate	The complete Baccalauréat général. Refer to discover.english.utoronto.ca for complete information about admission requirements for Engineering.	Anglais (terminale)	Spécialité Mathématiques (première + terminale)	Spécialité Mathématiques (première only) or Math complémentaires	Spécialité SVT (Sciences de la vie et de la Terre)	Spécialité Physique-Chimie	Spécialité Physique-Chimie
International Baccalaureate	Complete Diploma, including English HL or SL.	English (HL / SL)	Mathematics: Applications and Interpretations HL / Analysis and Approaches SL	Mathematics: Applications and Interpretations SL	Biology (HL / SL)	Chemistry (HL / SL)	Physics (HL / SL)
Notes: Advanced Placement Examinations and International Baccalaureate credits are also acceptable. Transfer credit information is available at uoft.mh/hs-transfer-credit							
Math with calculus is required for studies in Engineering. If your secondary school only offers pre-calculus or does not offer math with calculus, please contact the Faculty of Applied Science & Engineering directly at: engineering@utoronto.ca
