TWO STEP APPLICATION PROCESS

**OUAC
APPLICATION**

Join U of T

JOIN U OF T WEBSITE

Welcome to Join U of T, your online home base throughout the application process.

Your Application Status

Track your application status and find out about any documents you may need to provide.

★ [Check Your Application Status](#)

- The Engineering Applicant Portal is your primary resource for completing, and tracking the status of your application to the Faculty of Applied Science & Engineering. The Engineering Portal is also where you will complete the mandatory Online Student Profile.

[Access the Engineering Applicant Portal](#)

Apply for Residence

If you're interested in living in residence, then you need to complete the StarRez application. Our residence is guaranteed provided the eligibility criteria are met. Login to StarRez for full details, including deadline and deposit information.

[Access the StarRez Application](#)

[See Residence Life at U of T Scarborough](#)

Scholarships & Awards

Most University of Toronto scholarships are awarded based on academic success; others require a separate application. The University offers a number of awards and scholarships based on other criteria such as financial need, leadership ability, and community involvement. Complete our Awards Profile by February 1, 2021 to be considered for these awards.

CHECK APPLICATION STATUS

Your Application Choices

Admission decisions will be released between January and late May.

Faculty	Program	Term	Status
University of Toronto Scarborough	Computer Science	Fall 2021	Pending Review
Faculty of Applied Science & Engineering	Civil Engineering	Fall 2021	Visit the Engineering Applicant Portal
Daniels Faculty of Architecture, Landscape, and Design	Bachelor of Arts Degree, Architectural Studies	Fall 2021	Pending Review

Information Required To Complete Your Application(s)

Your school will send your Grade 11 and 12 results to us through the OUAC. Check your OUAC application to ensure that your academic record has been reported correctly, and that all of the courses you will be taking this year are included. Your academic record must include details on any course(s) taken outside your 'home' school. You must ensure that the 'outside' school submits the course information and all updates to your home school and to the OUAC directly.

If you are required to submit a supplementary application or additional documents to complete your application, it will be indicated below. If there is no listing of required documents, then you are not currently required to provide additional documents.

Document Deadline: February 1 is the deadline for receipt of English facility test results or transcripts, if you have been requested to provide this information. As many offers of admission will be made in the earlier admission rounds, and space is limited, meeting the deadline ensures that your documents are available for this early consideration. Late documents will be considered as space allows. The deadline dates for any non-academic documentation, such as a supplementary application, will be specified by the division which requires them.

Required Documents

[Proof of English Facility Requirement](#)

[Daniels One Idea Application](#)

[Engineering Student Profile](#)

Requesting English Language Testing Exemption

Review the information on our English language requirements and the qualifications that provide acceptable proof of English facility. If you believe you meet the criteria to be exempt from testing, please complete the [English Language Test Exemption Request Form](#)

Requesting Special Admission Consideration

If you have not received an admission decision, and would like to provide information about extenuating circumstances that have had a negative impact on your academic performance you may request special admission consideration. The [Request for Special Admission Consideration Form](#) should be completed as soon as possible and no later than February 1.

Soldiers' Tower
St. George Campus
