ACKNOWLEDGEMENT OF TRADITIONAL LAND

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
Students choose from 700+ programs while tapping into a 600,000-strong alumni network spanning 160+ countries. Every student enjoys access to worldwide industry partnerships, cutting-edge labs and studios, and research collaborators who will become lifelong friends. An innovation powerhouse that attracts $1.3 billion in research funding each year, and a caring community that nurtures every newcomer, U of T has something for everyone.

#1 university in Canada

#1 school in North America for number of research-based startups
(Association of University Technology Managers)

#1 most innovative university in Canada
(Reuters’ Top 100: World’s Most Innovative Universities)

#1 engineering school in Canada
(2021 Times Higher Education World University Rankings)

The University of Toronto is committed to enhancing access and equity across all of our campuses. We strive to recruit students who reflect Canada’s diversity and can strengthen our community with a breadth of viewpoints and lived experiences.

WHERE IN THE WORLD

20,000+ international students

from 160+ countries and regions

30% of our first-year students are citizens of countries other than Canada

MAKE YOUR MARK

$368B generated by U of T alumni through their companies and nonprofits (in USD)

3.7M jobs created through companies and nonprofits founded by U of T alumni

190,000 companies and nonprofits founded by U of T alumni

50% of our first-year students come from households with annual incomes of less than $50,000
THE GREATER TORONTO AREA
At the Crossroads of Imagination and Impact

There is no better place for the enterprising student than the University of Toronto: a research and development hotbed that contributes $15.7 billion a year to Canadian prosperity.

Not only are our faculty members renowned the world over as industry visionaries, our campuses are just steps away from Bay Street’s movers and shakers, and a stone’s throw from the commercial heartlands of the Golden Horseshoe. Best of all, at Canada’s top university—routinely ranked #1 for funding, innovation, and research output—students can collaborate with friends and mentors in any field to build solutions to the world’s most pressing challenges.

Anchored by the Toronto Stock Exchange, the world’s largest exchange for energy firms, and a financial district that headquarters Canada’s five main banks, the GTA is an economic powerhouse that nurtures unmatched talent in everything from cybersecurity to food security, and is acclaimed for its network of 15,000+ technology firms—the famed southern Ontario “digital corridor.”

YOUR CAREER LAUNCHPAD

Major industries in the GTA include: aerospace, biotechnology, design, healthcare, financial services, fashion, and film.

60+
Fortune 500 companies are headquartered in Mississauga

9
GTA hospitals are fully affiliated with U of T — Canada’s largest healthcare network

3rd
largest design industry in North America
The GTA’s many neighbourhoods are where the world comes to learn, laugh, build bridges, and celebrate diversity.

Savour subtropical snacks in summertime markets, drink in fall foliage on a woodland hike, and enjoy a holiday show or three in December. We’ve got maple syrup festivals and indie film festivals, not to mention boardwalks, beaches, and buskerfests, complete with live music for every season and every mood. Home to world-class museums and art galleries, the nation’s most influential media personalities, and the Toronto International Film Festival (TIFF)—second only to Cannes in prestige—the GTA is a magnet for colour, flavour, and friendship.

**BE ENTERTAINED**

- **7** major league sports teams
- **90+** performing arts theatres
- **500+** live music venues

**PARKLIFE**

- **300** acres of parkland surround the Scarborough campus
- **225** acres of greenbelt land surround the Mississauga campus

**HOME TO ALL**

- **180+** languages and dialects spoken
- **8,000+** dining establishments

**SPRING**

- **Average temperature: 8°C / 46°F**
- Things to do: Toronto Comic Arts Festival, Cherry Blossoms at High Park, Cherry Blossoms at Kariya Park, Doors Open Ontario

**SUMMER**

- **Average temperature: 22°C / 72°F**
- Things to do: Luminato, CNE, FanExpo, Taste of the Danforth, Pride Toronto, Caribbean Carnival, Scarborough Night Market, Guild Festival Theatre, Mississauga Waterfront Festival, Canadian Music Week

**FALL**

- **Average temperature: 10°C / 50°F**
- Things to do: TIFF, Word on the Street, Nuit Blanche, Toronto Waterfront Marathon, One of a Kind Show

**WINTER**

- **Average temperature: -4°C / 25°F**
- Things to do: Winterlicious, free outdoor ice skating across the GTA, Winter Stations, Toronto Light Festival

ANY INDUSTRY, ANYWHERE

13,000+
employers actively recruit from U of T’s student body each year

8,000+
one-to-one appointments with in-house career educators each year, where students can hone their interview skills and have their grad school applications and resumés critiqued.

6,000
students are placed in volunteer roles throughout the world each year.

18,000+
students have taken courses with a community engagement component in the past decade.

University of Toronto alumni can be found working and innovating at multinational firms and organizations that are household names, including: Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, and Amnesty International.

See what U of T alumni in every field are doing: uoft.me/careernavigator

of our alumni sit on nonprofit boards

UTSC’s annual Hire Power Conference

3D printing personal protective equipment at the John H. Daniels Faculty of Architecture
I've been at SickKids research institute for the past two years working on exploring ion channels implicated in childhood brain cancers. We found an ion channel that's associated with medulloblastoma (the most common malignant childhood brain tumor) and when we remove it, survival increases and the tumor size decreases. Specifically, we think it's associated with cancer stem cells, which give rise to the bulk of the tumor, which could serve as a new cancer therapy target. This was super interesting to me because I came to university wanting to study stem cells (after being sold from a StemCellTalks Toronto event I went to at U of T when I was in high school). Cancer stem cells are something I never learned about in classes so it's been amazing learning about an entirely new field, within an area I've always been interested in.

— Miranda, Faculty of Arts & Science
FROM DAYDREAM TO DREAM JOB

At the University of Toronto—the birthplace of stem cell research, insulin therapy, multi-touch input screens, and seminal ideas in critical media theory—students nurture their ingenuity with the help of 200+ industry mentors and 11 business accelerators and incubators.

Win seed capital, office space, equipment access, and expert guidance with funding applications, prototyping, and IP protection. Our longstanding partnerships with MaRS Innovation and other nonprofit research consortia across the region offer unparalleled networking advantages—and our Career Educators can help you hone your pitch.

DID YOU KNOW?

U of T has an Innovations & Partnerships Office (IPO) dedicated to helping students, research trainees, and other collaborators access industry partnerships, commercialization opportunities, and entrepreneur networks.

START A STARTUP

180+ entrepreneurship courses are offered across our three campuses, attracting nearly 11,000 registrants

11 incubators and accelerators across all three campuses. Each offers mentorship, hands-on guidance, and a built-in professional network to undergraduate and graduate creators and innovators

FUEL YOUR BIG IDEAS

500+ startups were founded by the U of T research groups in the past decade, which have raised a combined $1 billion in investment

7,000 faculty members and 18,000 graduate students and postdoctoral fellows across multiple disciplines who can help you launch your idea

700+ inventions, 200+ patent applications, and 150+ licenses granted every five years—and rapidly rising

Our True Blue Fund ($5M) was created in 2019 to support student entrepreneurship: entrepreneurs.utoronto.ca/truebluefund

All entrepreneurship resources at U of T are open to students from all three campuses, no matter what program or year you’re in: entrepreneurs.utoronto.ca
GLOBAL LEARNING

Through co-op placements, paid internships, learning abroad options in 160+ institutions, field schools, international course modules, and research opportunity programs, you’ll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. The University of Toronto is committed to engaging at least 30% of our students with a global experience.

"You learn so much from being abroad that goes beyond the classroom. It’s like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career."

— Nitika, U of T Finance and Economics student and participant in the 2017 Waseda University Exchange Program

Field courses are a great way to enrich your degree and expand your horizons.

STUDY ABROAD

4,500+ students take part in a learning abroad opportunity each year

71% of students who studied abroad agreed that their experience abroad had influenced their choice of career path after returning

87% of students reported having more openness to different ways of thinking

Students can work towards a Global Scholar designation by taking a curated set of courses offered by their program or faculty. When those courses are completed, students will receive a certificate and a “Global Scholar” notation on their transcript. Students can also work towards a Global Citizen designation that can appear on their co-curricular record (CCR) through activities that develop three competencies: global perspective and engagement, inclusivity and equity, and community and civic engagement. A new Minor in Global Leadership is proposed to launch in 2022.

Learn more about these unique transcript notations:
learningabroad.utoronto.ca/global-university

$1.5M in bursaries and grants available each year to foster students’ outbound learning and overseas research.

An Earth Sciences student learns hands-on geology on a field trip to New Zealand.
STUDENT LIFE

Students in the courtyard of the Munk School of Global Affairs and Public Policy
There are thousands of things to be passionate about at the University of Toronto.

Our clubs, committees, and civic groups reflect the pluralism of Canadian society and the full spectrum of talent across our student community. Try your hand at chess, debate, archery, or calligraphy. Hone your cooking skills, or your coding skills, and learn how to tend a beehive, aquarium, or investment portfolio. Advance a cause you care about. Learn a second language, or a fifth.

Just a few of the 1,000+ student clubs, councils, and committees that U of T headquarters:

- Aerospace Team
- Black Students’ Association
- Debating Club
- Drama Coalition
- Engineers Without Borders
- Gospel Choir
- Green Chemistry Initiative
- Indigenous Students Association
- Investment Club
- Judo Club
- LGBTOUT
- Model United Nations
- Peace, Conflict and Justice Society
- Science for Peace
- Ski and Snowboard Club
- Your Mind Matters

WE’RE HERE FOR YOU

Not all learning takes place in the classroom, and not everyone learns in the same way. Finding the best way to balance school, work, home, and health can be daunting! We get that life is complicated, and we’re here to help.

Meet with a Learning Strategist, an International Transition Advisor, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office.

uoft.me/student-support

U of T’s Sexual & Gender Diversity Office is the oldest (20+ years) of its kind at any postsecondary institution in Canada. Our annual Queer Orientation is a huge draw for many students and our campuses are home to 20+ student groups for queer and trans undergraduate students. U of T’s Health & Wellness clinics have a Trans Healthcare Team, whose services are open to students from all three campuses.

uoft.me/queerorientation

Hart House is a centre for experiential education outside the classroom, where students from all three of our campuses find welcome and unique ways to connect with each other and the broader world through engagement with the arts, dialogue, and wellness. From peer groups for study and social justice-based community talks to art exhibitions, theatre workshops, and classes to strengthen the body and spirit, Hart House offers something for everyone, something for you.

harthouse.ca

U of T provides a wide range of supports to Indigenous students.

Meet with Elders and traditional teachers right here on campus. Work with an Indigenous learning strategist and take part in a wide range of cultural events to sharpen your study techniques, enrich your journey, and grow your leadership skills. The University has total endowments of about $6.5M specifically devoted to Indigenous students. Each year, around $550,000 in dedicated funding is disbursed among approximately 110+ Indigenous students.

Learn more through First Nations House:

POETRY IN MOTION

Whether you’re a national all-star or the neighbourhood MVP, your future teammates need you! With men’s and women’s Varsity Blues teams across 24 sports, and an 11,000–strong intramural community, athletics is a major part of life for our students.

Last year, U of T’s teams racked up a dozen intercollegiate championships in baseball, badminton, fencing, figure skating, golf, mountain biking, water polo, and more. But you don’t have to be an athlete to join up and join in. No matter your skill level, there’s a class for you:

uoft.me/whatyoucando

The Tri-Campus Development League is a great way for students to come out and try out for sports they have a passion for. As someone who is not from this province, it’s been great to meet different people with different interests, who share the same passion for sport as me.

— Jessica, third-year Forensic Science student at U of T Mississauga

SPORT & RECREATION

Drop into any of our state-of-the-art facilities to enjoy the largest range of classes, events, and club sports at any Canadian university.

Classes include aquatics, aerial circus silks, ballet, fencing, parkour, squash, kendo, swimming, diving, lifeguarding, strength and conditioning, and more.

uoft.me/sportandrec

INTRAMURALS

Intramural sports are open to all students and offer varying levels of competition through leagues, tournaments, and special events. Make friends while making game-winning shots!

uoftintramurals.ca

TRI-CAMPUS DEVELOPMENT LEAGUE

The Tri-Campus Development League is open to all students and represents the highest level of sport competition outside of the Varsity program. Participants from three campuses develop sport skills with the help of coaches and play in competitive games with registered officials.

facebook.com/uoftdleague

VARSITY BLUES

The Varsity Blues program provides competitive sport opportunities at the provincial and national level for outstanding student-athletes. The program is the largest intercollegiate program in Canada, with 42 teams across 24 sports, and 840 student athletes across all three campuses.

varsityblues.ca
Unique in North America, our tri-campus system makes it easy for students to learn, network, and innovate in Canada’s economic heartland, just steps from some of the world’s most diverse neighbourhoods.

You can apply to one admission category per academic division. Outlined just ahead, our seven first-entry academic divisions are U of T Mississauga, U of T Scarborough, plus five faculties at U of T St. George:

- Faculty of Applied Science & Engineering
- John H. Daniels Faculty of Architecture, Landscape & Design
- Faculty of Arts & Science
- Faculty of Kinesiology & Physical Education
- Faculty of Music

Once you’re a registered student, you’ll be able to personalize your degree with majors, minors, specialists, and certificates.

For our complete program listings, check out the bulletin at the back of this book.
EXPERIENCE ST. GEORGE

It was an incredible opportunity for me to learn from professionals about the role, and experience the creative discussions that go into bringing a show to life.
—Tara Costello, 2019-20 Student Chair, Hart House Theatre Committee

Hart House has always given me a platform to propel an equitable environment through student activities and I hope to continue using this platform to drive a positive impact on campus.
—Muskaan Kaushal, Double-Major in Economics and Sociology

DID YOU KNOW?

104,000+

students from all three of our campuses take part in Hart House’s many offerings each year, including 1,100+ events and workshops—plus scenic retreats at a 150-acre farm on the Niagara Escarpment.

Introduction to Social Work Conference at Hart House

With everything from a Music Producers’ Circle to a Virtual Fitness Studio, Hart House nurtures dialogue, discovery, and community. No matter which campus you plan to call home, you’ll automatically be a member of Hart House.
At the heart of downtown Toronto, one of the world’s most diverse and dynamic cities, the St. George campus offers countless co-curricular activities.

Just beyond the campus are the many neighbourhoods, industries, and open-air celebrations that make Toronto the world’s meeting place. From the Toronto Caribbean Carnival, North by Northeast, Taste of Asia, and Nuit Blanche—an annual dusk-till-dawn art festival—to national sporting events at our Varsity Centre’s state-of-the-art facilities, U of T St. George is rich with journeys, stories, and starting points for every newcomer.

Check out living and dining options for each St. George residence at uoft.me/residence-descriptions, or flip to the handy bulletin tucked in the back of this book.

Through inclusive excellence in research, teaching and practice, the Faculty of Kinesiology and Physical Education at U of T educates and graduates a diverse student body who become productive contributors and leaders in their fields. Our BKin students thrive in careers spanning the biophysical, psychological, physical, and cultural, including exercise physiology, psychology of injury and rehabilitation, ethical issues and biomechanics. Students benefit from hands-on learning, community engagement, research opportunities and learning abroad experiences, and can pursue a Certificate in Global Kinesiology & Physical Education or a Certificate in Physical Activity Instruction within their BKin degree. BKin students also have the opportunity to enroll in a combined Master of Teaching (MT) degree program at the Ontario Institute for Studies in Education (OISE). Learn more: uoft.me/BKin

I love the size of our faculty because with it being so small it lets you become part of a great community (or KINmunity to be cheesy), and it feels great to feel part of something like this. You get to know most of the people in your year and many of the other years as well and it makes for an amazing environment; especially when you get to places like the Benson student lounge where you see all four years hanging out together and just helping each other out.

—Ruqayyah, fourth-year BKin student

The U of T Jazz program has given me many opportunities to play in professional settings, allowing me to gain real industry experience while still in school. Many of my academic performances have led to professional performance opportunities in the city.

—Ben, Bachelor of Music Performance

A degree in Music fosters critical thinking, discipline, and teamwork. Our alumni have gone on to score films, pioneer new technologies, and pack concert halls. Music students take part in a total of 600+ concerts and recitals each year. From Early Music to Jazz, to West African Drumming and Dancing, to Japanese Taiko Drumming, we bring the diversity of Canada into the classroom.

Auditions/interviews are held in February. Learn more: uoft.me/MusicAdmReq

LIVING ON CAMPUS

Life at U of T Mississauga is a bespoke experience. Grab yourself a fair trade coffee before class—just one of the perks of studying at the first Silver Fair Trade Campus in Canada. Breathe in some fresh air and enjoy a walking tour through the scenery on a Wellness Route, or rent a bicycle for free from BikeShare. Once it’s time to settle in, head to the library to take out some research material—and a board game for break time with friends. You’ll soon discover how study sessions, gaming sessions, and late-night heart-to-hearts can be one and the same.

UTM’s Department of Student Housing and Residence Life is your team away from home. We foster academic success and personal growth by maintaining safe, nurturing facilities and a rich array of co-curricular residence programs at a competitive price. We offer the most diverse range of housing options within the University of Toronto with more than 1,500 single and double spaces in traditional-style rooms, apartments, and townhouses. Learn what it’s like to live at UTM, and view floor plans and meal plans, at utm.utoronto.ca/housing.

I love UTM, it’s so cozy and nature-y. I love the fact that it has so many animals like deer—we don’t have deer in Trinidad.

—Nikiela Baptiste, Forensic science student from Trinidad and Tobago
EXPERIENCE SCARBOROUGH
With 45+ co-op programs in the arts, sciences, and business, UTSC is also home to an Olympic-calibre sports complex, 200+ student groups, and some of the world’s most diverse culinary neighbourhoods. From community-focused learning to international development co-op opportunities, you start building a truly multidisciplinary career as soon as you set foot on campus.

I instantly felt that this is the right fit for me. A warm, friendly and encouraging community is what I felt and have loved ever since. I chose a double major in Media Studies and Human Biology because it gives me the balance and different perspectives I need to get the full picture.

— Annie, Media Studies and Human Biology; originally from Aleppo, Syria

Our mission at U of T Scarborough is to cultivate the potential in each student. Overlooking lush parklands on the eastern shoreline of Canada’s most cosmopolitan city, UTSC’s closely knit residence communities are just steps from gleaming, sustainably built facilities and state-of-the-art labs. Toronto’s most diverse neighbourhood—“the dining capital of the world,” as American economist Tyler Cowen calls it—Scarborough is the perfect home base for crafting a business proposal, policy paper, or novel, while sealing the deal over Hakka noodles, banh mi, and bubble tea.

Residence options at UTSC include townhouses, apartment-style units, and furnished single rooms conveniently located minutes away from transit, grocery stores, and malls, as well as scenic creeks and valleys. Under the guidance of a dedicated staff team, the residence life experience is driven by students, through a Scarborough Campus Residence Council whose members see to it that every resident feels connected, inspired, empowered, and at home.

JUN 1
OUAC 101 applicants must accept their offers by June 1.

OUAC 105 applicants should check their offer of admission in JOIN for the deadline by which they must accept their offer, and any further steps to take to secure their spot.

Start by choosing your Ontario Universities’ Application Centre (OUAC) application type.

OUAC 101. If you are a current full-time Ontario high school student, your school will issue a PIN to you. This will give you access to the “101” online application. Your school will then submit your marks through OUAC.

OUAC 105. If you are not a full-time Ontario high school student, apply using the “105” application.

Activate your JOIN portal and follow the instructions. Shortly after receiving your OUAC application, we will send you an acknowledgement email with a set of credentials that you can use to activate and access your JOIN portal at join.utoronto.ca

Once you get the credentials we send you, sign into JOIN and complete the rest of your application. Engineering applicants will be redirected to a separate portal after signing into JOIN, called the Engineering Online Student Portal. Submit any required documents by the deadlines listed in your portal.

You can always monitor the status of your application by signing into the JOIN portal. You’ll also be able to see a running list of documents that you’ve submitted and that we still need from you.

Congratulations! Keep your grades up—and make sure you satisfy any conditions listed in your offer of admission.

WHAT ARE SUPPLEMENTAL APPLICATIONS?
Supplemental Applications help us get to know you better. They’re a chance for you to showcase your unique experiences, strengths, and interests. We’re looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

ADMISSION AREAS THAT REQUIRE SUPPLEMENTAL APPLICATIONS

St. George
- Computer Science
- Rotman Commerce
- All Engineering programs
- Architectural & Visual Studies
- Trinity College and Victoria College within the Faculty of Arts & Science.

Kinesiology
- All Music programs

Scarborough
- All Management programs
- All Co-op Management programs
- All applicants to the Double Degree (BBA & HBSc)

Co-op International Development Studies
- Paramedicine

Mississauga
- Theatre & Drama
FINANCING YOUR EDUCATION

Our newly admitted students are eligible for 5,000+ entrance awards, including about 150 scholarships valued at $10,000 each through the President’s Scholars of Excellence Program—just one of thousands of awards for which incoming students are automatically considered. Think you might be a contender? Check what’s available at awardexplorer.utoronto.ca. Don’t forget: some awards require a nomination from your school.

FINANCIAL AID

$241M in financial aid and awards disbursed each year

$106M of funds for enrolled students have a need-based component

$110.5M available annually in merit-based awards

Our many entrance awards include the National Scholarships (future.utoronto.ca/national-scholarship) for outstanding Canadian students and the Lester B. Pearson International Scholarships (pearson.utoronto.ca) for exceptional international students, including those completing high school diplomas in Canada. Both cover tuition fees, incidentals, and living costs for four years. National Scholarship candidates must apply by October 21st of the year before they plan to start their first year of study. Pearson Scholarship candidates must be nominated by their schools by November 30th of the year before they plan to start their first year.

To learn more about financial aid programs, fees, awards, and budgeting tools, visit future.utoronto.ca/finances

Use our handy planning estimator: planningcalc.utoronto.ca
I need to take a course in summer school. Will this put me at a disadvantage when I apply?

The University of Toronto does not discriminate between courses taken in a day school and those taken in summer school, night school, or accredited online programs—all of these are considered equivalent so long as they are taken through a school that is formally approved by your province’s Ministry of Education.

Students applying to the Faculty of Arts & Science (Rotman Commerce), specializing in Finance & Economics may be asked to provide reasoning for taking a course outside of their normal day school if the course is available in their day school.

The National Scholarship has been the ultimate opportunity as it has opened countless doors for me.

This award sent a ripple effect of hope and happiness through my entire family, and that is why the National Scholarship is so special. Knowing the impact that this award had on me and my family, I approach every day at U of T as a chance to make a lasting difference within my field of study.

—A recipient of our 2018 National Scholarship, Jamar is currently pursuing a B.Com. at the Faculty of Arts & Science (Rotman Commerce), specializing in Finance & Economics.

The University of Toronto Advanced Planning for Students (UTAPS) program fills the gap for full-time students who are already receiving the maximum available government financial aid, but whose funding just doesn’t cover the complete cost of tuition fees, textbooks, living expenses, and other eligible educational expenses.

To qualify for assistance through UTAPS, you must (1) be a Canadian citizen, Permanent Resident, or Protected Person; (2) be registered in a full-time course load, by OSAP’s definitions, in an eligible U of T program, during the Fall or Winter semesters; and (3) already be receiving government student aid from any Canadian province or First Nations band, and still have an unmet financial need. Learn more: uoft.me/UTAPSfunding

• OSAP recipients are automatically assessed for UTAPS.
• There’s no need to submit a separate application.
• Most recently, almost $36 million in UTAPS grants were disbursed to 10,000 students.

FREQUENTLY ASKED QUESTIONS

I am a Canadian citizen who is completing high school in another country. Which tuition rates am I eligible for and should I plan for?

Canadian citizens are eligible for domestic tuition rates regardless of where they are residing at the time they apply. Do keep in mind, however, that admission consideration is always based on the local system (secondary school curriculum) that the applicant is completing. For details on admission requirements, including common international curriculums, visit future.utoronto.ca/apply/requirements

The Ontario Student Assistance Program (OSAP) is provincially funded, comprises a mix of grants and loans, and assumes that a student’s parents and guardians (or spouse, if applicable) will financially contribute to the cost of the degree—so, their income will be taken into account when you apply for OSAP. If your OSAP application is accepted, you’ll also become eligible for other potential funding sources, like nonrepayable grants through UTAPS.

• For more on eligibility, and a quick estimate of what OSAP can offer you, visit ontario.ca/osap
• If you’re from another Canadian province or territory, or a First Nations community, you can apply for financial aid through your provincial government or your Band.

Across U of T’s first-entry landscape, 5,000+ admission scholarships totaling almost $25 million are awarded each year, the majority of which are merit-based and awarded automatically—with no need for a separate application. Most awards can be combined with each other, and with financial aid.

5,300 in-course awards are issued each year

5,800 5,800 work-study positions are available each year
FREQUENTLY ASKED QUESTIONS

Are applicants required to submit personal essays, reference letters, or portfolios?
If your program requires supplemental materials, this will be noted in your JOIN portal at join.utoronto.ca (or in your Engineering Applicant Portal). While some programs require supplemental applications or profiles—see p. 51—most of our programs do not.

Please note that essays and letters of reference will not be considered unless we specifically request them. Should supplemental materials be required for one of your target programs, you’ll be notified after you’ve submitted your application.

What are your admission requirements?
- For minimal requirements from all secondary school systems, please visit uoft.me/reqs and browse to your home country. For a searchable index of our 700+ first-entry programs and their specific prerequisites, visit future.utoronto.ca/undergraduate-programs
- For complete details on Engineering requirements, visit discover.engineering.utoronto.ca
- Are you completing the International Baccalaureate curriculum? Visit uoft.me/IBdiploma
- For full details on our English language requirements, see uoft.me/elr. Qualified students who don’t meet these requirements can explore one of our English language transition programs uoft.me/eltp

Can international students live in residence?
On all three of our campuses, residence is guaranteed for new full-time students entering their first year of a postsecondary program for the first time, provided that they indicate their interest in residence by completing the First Year StarRez application by March 31, and receive and accept an offer of admission by June 1.

Students must respond to all deadlines and meet all deposit requirements to maintain their eligibility. Learn more at residence.utoronto.ca

Are there scholarships and financial aid programs for international students?
If you’re an international applicant, check with your home country’s ministry of education and student financial aid programs to see if you qualify for assistance. All applicants to the University of Toronto, including international applicants, are automatically considered for merit-based entrance scholarships. Learn more at future.utoronto.ca/finances/scholarships

If you’re applying to an Engineering program, check discover.engineering.utoronto.ca/finances

From my first day on campus to now, U of T has always felt like home. Even with 85,000+ students between the three campuses, the sense of community within the colleges and faculties is astounding.

I was not expecting to have such a large support system and so many resources to help me make the adjustment to university life. From the Kinesiology professors, to learning strategists and the in-house academic advisor, U of T has created an environment in which I can thrive and create my own unique identity. U of T offers a great community and learning space that allows students to grow.

— Sephora, student leader and athlete, Faculty of Kinesiology & Education

700+ PROGRAMS & HOW TO APPLY
HOW TO APPLY
All prospective applicants apply through the Ontario Universities Application Centre (OUAC). For details on application procedures and deadlines, please visit:

future.utoronto.ca/apply/applying

We encourage you to apply well in advance of the published deadlines. Admission is competitive and spaces fill quickly.

Full-Time Degree Applicants
Full-time studies begin in September only.

Ontario Secondary School Applicants
If you are a current full-time Ontario secondary school student, you do not need to apply in advance of the published deadline. Admission is competitive and spaces fill quickly.

All Other Full-Time Applicants
Apply online using the "105" application. If you are not an Ontario secondary school student, you are advised to apply through the OUAC "101" online application. Your school will also send us your marks through the OUAC.

Non-Degree Applicants
Non-degree studies begin in September or May only. If you will be enrolled in a non-degree program or course but not toward a degree, apply using the Non-Degree application at

future.utoronto.ca/apply/applying

Please note that it may not be possible to register in courses that are in high demand. If you are interested in a non-degree study in a professional division (Architecture, Landscape, and Design; Applied Science & Engineering; Economics; Physics; Education; Music), contact the division directly.

Applications from all students are welcomed, subject to availability. Please note that some programs, particularly in the Faculty of Arts & Science, may have limited availability. For more information, please contact the relevant faculty or department.

Please visit the Academic Culture and English Program (ACEP) website for additional information and to apply. ACEP offers a comprehensive program for students who need to improve their English language skills before entering university. ACEP programs are designed to meet the needs of students from diverse backgrounds and provide a supportive learning environment.

For more information on how to apply, please visit the ACEP website or contact the admissions office directly. The Office of the Dean of Student Affairs is also available to answer any questions you may have about the application process or the available programs.
SCHOLARSHIPS & FINANCIAL AID

The University has comprehensive scholarship and financial aid programs that provide financial support and recognition for outstanding academic performance at different levels of study. The University, and its colleges and faculties, award almost $800 million in scholarships each year. The University of Toronto has also been able to enroll students and complete the program because they do not have sufficient funds. This commitment to students who are Canadian Citizens, Permanent Residents or Protected Persons means that the University will supplement the funding provided by government sources. The financial assistance is called UTAPS, at the University of Toronto Advanced Planning for Students. Learn more at uoft.me/utaps.

U of T Scholars Program

The University of Toronto Scholar Program recognizes outstanding students. In 2021, approximately 5,000 students received the $7500 University of Toronto Scholar award. All applicants are assessed automatically for these scholarships based on their academic performance.

President’s Scholars of Excellence

Approximately 50 of the most highly qualified students applying to first year of entry annually undergraduate students will be distinguished as President’s Scholars of Excellence. This scholarship includes a $10,000 entrance scholarship in first year, access to part-time, on-campus employment during second year and access to international learning opportunities during the student’s undergraduate experience. Outstanding students are nominated automatically for these scholarships.

National Scholarship Program

The National Scholarship recognizes Canadian secondary school students who demonstrate academic performance, potential for original and creative thought, and exceptional potential for intellectual exploration and have a strong involvement in the lives of their schools and communities. Each year, approximately 150 students are named National Scholars and 10 are named Arbor Scholars. This distinction includes a $10,000 entrance scholarship in first year; access to part-time, on-campus employment during second year; and access to international learning opportunities during the student’s undergraduate experience. Outstanding students are nominated automatically for these scholarships.

Lester B. Pearson International Scholarship

While the National Scholarship Program is aimed at Canadian students, international students studying in Canada can be nominated for the Lester B. Pearson International Scholarship. Learn more at pearson.utoronto.ca.

Other Awards

Awards which recognize factors such as financial need, outstanding leadership, community involvement or excellence in specific discipline and pursuits are also available. To maximize your eligibility for a scholarship, some of which require a separate application, U of T’s colleges, faculties and divisions also offer scholarships, a list of which requires a separate application. For more on these and other admission financial aid, be sure to visit us online: studentaccount.utoronto.ca/tuition-fees.

Tuition Fees 2021–22

The cost of attending university varies depending on your program of study and place of residence during the Fall-Winter academic year. Academic and incidental fees do not include the cost of books. All fees are specified in Canadian dollars (CAD). For currency conversions, see future.utoronto.ca/future.

HOUSING & RESIDENCE 2022–23

Residence is guaranteed for all new full-time students entering their first year of university as an undergraduate program for the first time, provided they have indicated their intention to reside by completing the First Year Residences Application by March 30, and respond and accept an offer of admission by June 1. Students must respond to all deadlines and meet all deposit requirements in order to maintain their eligibility. Each of our three campuses has a student housing office where you can learn more about living on- and off-campus.

U OF T SCARBOROUGH

PROGRAMS OF STUDY: ARTS, SCIENCE & BUSINESS

ADMISSION CONSIDERATION

All programs require an Ontario Secondary School Diploma (OSSD), and six Grade 12 U/M subjects, including ENG4U/EAE4U and any other prerequisites. Review the Canadian Secondary School Qualification and Course Equivalents chart in the row below for comparable requirements from other Canadian provinces and territories.

The admission selection process includes consideration of the Grade 12 academic record. Emphasis is placed on Grade 11 results where marks in the required number of Grade 12 courses are not yet available.

At the University of Toronto, the specified range is intended as a general guideline only.

ADMISSION TO PROGRAMS OF STUDY

PROGRAMS OF STUDY: ARTS, SCIENCE & BUSINESS

FACULTY OF MUSIC (MUSIAC/ROSAPELLI)

All applicants are required to submit a Music Questionnaire by January 13, 2022. The Music Questionnaire will be available online at uoft.me/MusicAdmReq in November. A maximum of five Grade 12 Music credits may count in the admission average. All classical applicants must have completed a course in RCM Level 7 Theory (103) or Advanced Functions (12) and Grade 11 U/M Mathematics as a prerequisite. All classical applicants have the option of taking the Classical Faculty of Music Entrance Theory Exam. Jazz applicants will be required to submit the faculty of Music Jazz Entrance Theory Exam.

All applicants must complete an audition interview. Auditions are held in February. For guidance please visit https://www.musi.ac/uof/mus/.

FACULTY OF SCIENCE (FACUL:SCI)

All applicants are required to submit a Music Questionnaire by January 13, 2022. The Music Questionnaire will be available online at uoft.me/MusicAdmReq in November. A maximum of five Grade 12 Music credits may count in the admission average. All classical applicants must have completed a course in RCM Level 7 Theory (103) or Advanced Functions (12) and Grade 11 U/M Mathematics as a prerequisite. All classical applicants have the option of taking the Classical Faculty of Music Entrance Theory Exam. Jazz applicants will be required to submit the faculty of Music Jazz Entrance Theory Exam.

All applicants must complete an audition interview. Auditions are held in February. For guidance please visit https://www.musi.ac/uof/mus/.

Scholarships & Financial Aid

The University of Toronto offers a wide range of scholarships and awards to support undergraduate students. These include merit-based scholarships, talent-based awards, and need-based financial aid. To learn more about the available scholarships, visit uoft.me/Scholarships.

Summer Session

The University of Toronto offers a variety of summer courses and programs, including credit and non-credit options. These are designed to help students advance their academic careers, explore new subjects, or simply have fun. For more information, visit uoft.me/Summer.

Residence Life

Living on campus provides students with a unique opportunity to experience university life and make lifelong connections. The University of Toronto has a range of residence options, including single rooms, suite-style living, and shared rooms. For more information, visit uoft.me/Residence.

Graduate Studies

The University of Toronto’s Graduate Studies program offers a range of graduate degrees, including Master’s, Doctoral, and Postgraduate Certificate programs. These programs are designed to provide students with advanced knowledge and skills in their chosen field. For more information, visit uoft.me/Graduate.

English Language Proficiency

TOEFL and IELTS are the most widely accepted tests for English language proficiency at the University of Toronto. TOEFL is administered by the Educational Testing Service, while IELTS is administered by the International English Language Testing System. Students who do not meet the minimum English language proficiency requirements must complete pre-degree English-language programs or take part in English-language tests. For more information, visit uoft.me/IELTS.

Tour of the University

The University of Toronto offers guided tours of its three campuses, which provide students with an opportunity to explore the physical and intellectual environment of the University. Tours are available year-round, and are led by knowledgeable guides who can answer questions and provide insights into University life. For more information, visit uoft.me/Tours.
