THIS WAY TO SUCCESS.

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

Epic snowball fight on King’s College Circle

Students enjoy the warm weather on the patio at University of Toronto Scarborough

PowWow at the Goldring Centre for High Performance Sport
Students choose from 700+ programs while tapping into a 600,000-strong alumni network spanning 160+ countries. Every student enjoys access to worldwide industry partnerships, cutting-edge labs and studios, and research collaborators who will become lifelong friends. An innovation powerhouse that attracts $1.3 billion in research funding each year, and a caring community that nurtures every newcomer, U of T has something for everyone.

#1 University in Canada

#1 School in North America for number of research-based startups
(Association of University Technology Managers)

#1 Most innovative university in Canada
(Reuters’ Top 100: World’s Most Innovative Universities)

#1 Engineering school in Canada
(2021 Times Higher Education World University Rankings)

Home to 100+ academic departments across three campuses

$368B generated by U of T alumni through their companies and nonprofits (in USD)

3.7M jobs created through companies and nonprofits founded by U of T alumni

190,000 companies and nonprofits founded by U of T alumni

Where in the World

20,000+ international students

160+ countries and regions

30% of our first-year students are citizens of countries other than Canada

300+ graduate research and professional programs

The University of Toronto is committed to enhancing access and equity across all of our campuses. We strive to recruit students who reflect Canada’s diversity and can strengthen our community with a breadth of viewpoints and lived experiences.
The Greater Toronto Area
At the Crossroads of Imagination and Impact

There is no better place for the enterprising student than the University of Toronto: a research and development hotbed that contributes $15.7 billion a year to Canadian prosperity.

Not only are our faculty members renowned the world over as industry visionaries, our campuses are just steps away from Canada’s largest financial district, Bay Street, and nestled squarely in the commercial heartlands of the Golden Horseshoe. Best of all, at Canada’s top university—routinely ranked #1 for funding, innovation, and research output—students can collaborate with friends and mentors in any field to build solutions to the world’s most pressing challenges.

Anchored by the Toronto Stock Exchange, the world’s largest exchange for energy firms, and a business district that headquarters Canada’s five main banks, the GTA is an economic powerhouse that nurtures unmatched talent in everything from cybersecurity to food security, and is acclaimed for its network of 15,000+ technology firms—the famed southern Ontario “digital corridor.”

Your Career Launchpad

Major industries in the GTA include: aerospace, biotechnology, design, healthcare, financial services, fashion, and film.

60+
Fortune 500 companies are headquartered in Mississauga

9
GTA hospitals are fully affiliated with U of T — Canada’s largest healthcare network

3rd
largest design industry in North America
The GTA’s many neighbourhoods are where the world comes to learn, laugh, build bridges, and celebrate diversity.

Savour subtropical snacks in summertime markets, drink in fall foliage on a woodland hike, and enjoy a holiday show or three in December. We’ve got maple syrup festivals and indie film festivals, not to mention boardwalks, beaches, and buskerfests, complete with live music for every season and every mood. Home to world-class museums and art galleries, the nation’s most influential media personalities, and the Toronto International Film Festival (TIFF)—second only to Cannes in prestige—the GTA is a magnet for colour, flavour, and friendship.

ANY INDUSTRY, ANYWHERE.

13,000+ employers actively recruit from U of T’s student body each year

18,000+ University of Toronto alumni can be found working and innovating at multinational firms and organizations that are household names, including: Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, and Amnesty International.

8,000+ one-to-one appointments with in-house career educators each year, where students can hone their interview skills and have their grad school applications and resumés critiqued.

6,000 students are placed in volunteer roles throughout the world each year.

3D printing personal protective equipment at the John H. Daniels Faculty of Architecture

10% of our alumni have founded a company

20% of our alumni sit on nonprofit boards

University of Toronto alumni can be found working and innovating at multinational firms and organizations that are household names, including: Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, and Amnesty International.
I’ve been at SickKids research institute for the past two years working on exploring ion channels implicated in childhood brain cancers. We found an ion channel that’s associated with medulloblastoma (the most common malignant childhood brain tumor) and when we remove it, survival increases and the tumour size decreases. Specifically, we think it’s associated with cancer stem cells, which give rise to the bulk of the tumor, which could serve as a new cancer therapy target. This was super interesting to me because I came to university wanting to study stem cells (after being sold from a StemCellTalks Toronto event I went to at U of T when I was in high school). Cancer stem cells are something I never learned about in classes so it’s been amazing learning about an entirely new field, within an area I’ve always been interested in.

— Miranda, Faculty of Arts & Science
startups were founded by the U of T research groups in the past decade, which have raised a combined $1 billion in investment. Faculty members and 18,000 graduate students and postdoctoral fellows across multiple disciplines who can help you launch your idea.

Inventions, 200+ patent applications, and 150+ licenses granted every five years—and rapidly rising.

Our True Blue Fund ($5M) was created in 2019 to support student entrepreneurship: entrepreneurs.utoronto.ca/truebluefund

FROM DAYDREAM TO DREAM JOB

At the University of Toronto—the birthplace of stem cell research, insulin therapy, multi-touch input screens, and seminal ideas in critical media theory—students nurture their ingenuity with the help of 200+ industry mentors and 11 business accelerators and incubators.

Win seed capital, office space, equipment access, and expert guidance with funding applications, prototyping, and IP protection. Our longstanding partnerships with MaRS Innovation and other nonprofit research consortia across the region offer unparalleled networking advantages—and our Career Educators can help you hone your pitch.

DID YOU KNOW?

U of T has an Innovations & Partnerships Office (IPO) dedicated to helping students, research trainees, and other collaborators access industry partnerships, commercialization opportunities, and entrepreneur networks.

START A STARTUP

180+ entrepreneurship courses are offered across our three campuses, attracting nearly 11,000 registrants.

11 incubators and accelerators across all three campuses. Each offers mentorship, hands-on guidance, and a built-in professional network to undergraduate and graduate creators and innovators.

All entrepreneurship resources at U of T are open to students from all three campuses, no matter what program or year you’re in. entrepreneurs.utoronto.ca

FUEL YOUR BIG IDEAS

500+ startups were founded by the U of T research groups in the past decade, which have raised a combined $1 billion in investment.

7,000 faculty members and 18,000 graduate students and postdoctoral fellows across multiple disciplines who can help you launch your idea.

700+ inventions, 200+ patent applications, and 150+ licenses granted every five years—and rapidly rising.

Hatchery Demo Day for student-led startups
GLOBAL LEARNING

Through co-op placements, paid internships, learning abroad options in 160+ institutions, field schools, international course modules, and research opportunity programs, you’ll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. The University of Toronto is committed to engaging at least 30% of our students with a global experience.

You learn so much from being abroad that goes beyond the classroom. It’s like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career.

— Nitika, U of T Finance and Economics student and participant in the 2017 Waseda University Exchange Program

Field courses are a great way to enrich your degree and expand your horizons.

STUDY ABROAD

4,500+ students take part in a learning abroad opportunity each year

71% of students who studied abroad agreed that their experience abroad had influenced their choice of career path after returning

87% of students reported having more openness to different ways of thinking

Students can work towards a Global Scholar designation by taking a curated set of courses offered by their program or faculty. When those courses are completed, students will receive a certificate and a “Global Scholar” notation on their transcript. Students can also work towards a Global Citizen designation that can appear on their co-curricular record (CCR) through activities that develop three competencies: global perspective and engagement, inclusivity and equity, and community and civic engagement. A new Minor in Global Leadership is proposed to launch in 2022.

Learn more about these unique transcript notations: learningabroad.utoronto.ca/global-university.

$1.5M in bursaries and grants available each year to foster students’ outbound learning and overseas research
STUDENT LIFE

Students in the courtyard of the Munk School of Global Affairs and Public Policy
RISE TO ANY CHALLENGE

There are thousands of things to be passionate about at the University of Toronto.

Our clubs, committees, and civic groups reflect the pluralism of Canadian society and the full spectrum of talent across our student community. Try your hand at chess, debate, archery, or calligraphy. Hone your cooking skills, or your coding skills, and learn how to tend a beehive, aquarium, or investment portfolio. Advance a cause you care about. Learn a second language, or a fifth.

- Science for Peace
- Ski and Snowboard Club
- Your Mind Matters
WE’RE HERE FOR YOU

Not all learning takes place in the classroom, and not everyone learns in the same way. Finding the best way to balance school, work, home, and health can be daunting! We get that life is complicated, and we’re here to help.

Meet with a Learning Strategist, an International Transition Advisor, a Campus Chaplain, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office.

uoft.me/student-support

There are 60+ alumni and peer mentor programs across our three campuses, including groups for mature students, Black and Indigenous students, First Generation students, and students with family responsibilities.

uoft.me/accessinclusion

U of T’s Sexual & Gender Diversity Office is the oldest (20+ years) of its kind at any postsecondary institution in Canada. Our annual Queer Orientation is a huge draw for many students and our campuses are home to 20+ student groups for queer and trans undergraduate students. U of T’s Health & Wellness clinics have a Trans Healthcare Team, whose services are open to students from all three campuses.

uoft.me/queerorientation

Hart House is a centre for experiential education outside the classroom, where students from all three of our campuses find welcome and unique ways to connect with each other and the broader world through engagement with the arts, dialogue, and wellness. From peer groups for study and social justice-based community talks to art exhibitions, theatre workshops, and classes to strengthen the body and spirit, Hart House offers something for everyone, something for you.

1 UNIVERSITY

Unique in North America, our tri-campus system makes it easy for students to learn, network, and innovate in Canada’s economic heartland, just steps from some of the world’s most diverse neighbourhoods.

You can apply to one admission category per academic division. Outlined just ahead, our seven first-entry academic divisions are U of T Mississauga, U of T Scarborough, plus five faculties at U of T St. George:

- Faculty of Applied Science & Engineering
- John H. Daniels Faculty of Architecture, Landscape & Design
- Faculty of Arts & Science
- Faculty of Kinesiology & Physical Education
- Faculty of Music

Once you’re a registered student, you’ll be able to personalize your degree with majors, minors, specialists, and certificates.

For our complete program listings, check out the bulletin at the back of this book.

UNIVERSITY OF TORONTO

uoft.me/stgeorge

At the heart of downtown Toronto, one of the world’s most diverse and dynamic cities, the St. George campus offers countless co-curricular activities.

Just beyond the campus are the many neighbourhoods, industries, and open-air celebrations that make Toronto the world’s meeting place. From the Toronto Caribbean Carnival, North by Northeast, Taste of Asia, and Nuit Blanche—an annual dusk-till-dawn art festival—to national sporting events at our Varsity Centre’s state-of-the-art facilities, U of T St. George is rich with journeys, stories, and starting points for every newcomer.

Check out living and dining options for each St. George residence at uoft.me/residence-descriptions, or flip to the handy bulletin tucked in the back of this book.

Just getting to be in classes that I really enjoy is so satisfying. My Introduction to Psychology prof is amazing. Beginning to end, it’s like being in a TED Talk each week.

— Aparajita, Double-Major in Psychology and Statistics, Faculty of Arts & Science; originally from Windsor, Ontario
Customization is a big part of the U of T Engineering experience. You can combine any of our top-ranked academic programs with a range of leadership, entrepreneurship, extracurricular and career-building opportunities—including 21 engineering minors and certificates, and our Professional Experience Year Co-op Program.

Whether you plan to work in industry, start your own business or pursue further studies, you will graduate equipped with strong technical fundamentals, professional confidence, and the global perspective to address complex challenges.

Our community is known for being especially supportive, diverse, and closely knit. We’re proud of being one of the oldest and finest engineering schools in Canada, and we look forward to introducing you to our longstanding traditions.

U of T Engineering’s culture of innovation is infectious. In my classes, extracurriculars and in my research, every student and professor I meet is looking to push the boundaries of technology and improve the world in some way.

—Molly, fourth-year Engineering Science student

Whether you aspire to be an urban planner, a filmmaker, a UX/UI designer, an art critic, or something we can’t yet imagine, our programs in Architectural Studies and Visual Studies will immerse you in the living laboratory of downtown Toronto—where from day one you’ll be mentored by leading lights in building science, landscape architecture, public policy, curation, and sustainable energy.

I instantly felt that this is the right fit for me. A warm, friendly and encouraging community is what I felt and have loved ever since. I chose a double major in Media Studies and Human Biology because it gives me the balance and different perspectives I need to get the full picture.

— Annie, Media Studies and Human Biology; originally from Aleppo, Syria

Our mission at U of T Scarborough is to cultivate the potential in each student. Overlooking lush parklands on the eastern shoreline of Canada’s most cosmopolitan city, UTSC’s closely knit residence communities are just steps from gleaming, sustainably built facilities and state-of-the-art labs. Toronto’s most diverse neighbourhood—“the dining capital of the world,” as American economist Tyler Cowen calls it—Scarborough is the perfect home base for crafting a business proposal, policy paper, or novel, while sealing the deal over Hakka noodles, banh mi, and bubble tea.

Residence options at UTSC include townhouses, apartment-style units, and furnished single rooms conveniently located minutes away from transit, grocery stores, and malls, as well as scenic creeks and valleys. Under the guidance of a dedicated staff team, the residence life experience is driven by students, through a Scarborough Campus Residence Council whose members see to it that every resident feels connected, inspired, empowered, and at home.

Learn what it’s like to live at UTSC, and discover the amenities and meal plans that await you at utsc.utoronto.ca/residences

Freedom of Xpression, UTSC’s annual performing arts showcase, is organized entirely by students.
APPLICATION
PROCESS
Be sure to satisfy any conditions listed in your offer of admission. If you are not a Canadian Citizen or Permanent Resident, you should plan to obtain a valid study permit before entering Canada. Required documents include—but may not be limited to—your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

Learn more about study permits through Immigration, Refugees and Citizenship Canada: canada.ca/en/immigration-refugees-citizenship

You can always monitor the status of your application by signing into the JOIN portal. You’ll also be able to see a running list of documents that you’ve submitted and that we still need from you.

**IF YOU GET AN OFFER**

Activate your JOIN portal and follow the instructions. Shortly after receiving your OUAC application, we will send you an acknowledgement email with a set of credentials that you can use to activate and access your JOIN portal at join.utoronto.ca

Once you get the credentials we send you, sign into JOIN and complete the rest of your application. Engineering applicants will be redirected to a separate portal after signing into JOIN, called the Engineering Online Student Portal. Submit any required documents by the deadlines listed in your portal.

- Transcripts should be sent electronically through Parchment/Naviance/SCOIR. If your school doesn’t use one of these services, upload your transcripts through JOIN or the Engineering Online Student Portal.
- If you are completing the IB curriculum, final IB results must be sent to the University electronically by the International Baccalaureate Organization (IBO).
- Students completing a U.S.-patterned high school curriculum should note that test-optional assessment has been adopted for the 2022-23 admissions cycle. For full details, including minimum requirements, consult the bulletin at the back of this book or visit uoft.me/UnitedStates.

Applicants to our Faculty of Applied Science & Engineering should always consult discover.engineering.utoronto.ca for complete admission requirements.

**3. MONITOR YOUR INBOX!**

**JAN – MAY**
Admissions decisions are made and offers are issued.

You can always monitor the status of your application by signing into the JOIN portal.

**4. IF YOU GET AN OFFER**

Check your offer of admission in the JOIN portal for the deadline by which you’ll need to accept, and any further steps to take to secure your spot.

**SUPPLEMENTAL APPLICATIONS**

Supplemental Applications help us get to know you better. They’re a chance for you to showcase your unique experiences, strengths, and interests. We’re looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

FINANCING YOUR EDUCATION

Our newly admitted students are eligible for 5,000+ entrance awards, including about 150 scholarships valued at $10,000 each through the President’s Scholars of Excellence Program—just one of thousands of awards for which incoming students are automatically considered. Think you might be a contender?

Check what’s available at awardexplorer.utoronto.ca. Don’t forget: some awards require a nomination from your school.

FINANCIAL AID

$241M in financial aid and awards disbursed each year

$106M disbursed each year in need-based awards

$32M in financial support to almost 6,000 international students

$110.5M available annually in merit-based awards

Among our many entrance awards for outstanding international students are the Lester B. Pearson International Scholarships (pearson.utoronto.ca), including those completing high school diplomas within Canada. The Pearson Scholarships cover tuition fees, incidental fees, and living costs for four years. Candidates must be nominated by their schools by November 30th of the year before they plan to start their first year.

To learn more about financial aid programs, fees, awards, and budgeting tools, visit future.utoronto.ca/finances.

Use our handy planning estimator: planningcalc.utoronto.ca
What are your admission requirements?

- For minimal requirements from all secondary school systems, please visit uoft.me/reqs and browse to your home country. For a searchable index of our 700+ first-entry programs and their specific prerequisites, visit future.utoronto.ca/undergraduate-programs
- For complete details on Engineering requirements, visit discover.engineering.utoronto.ca
- Are you completing the International Baccalaureate curriculum? Visit uoft.me/IBdiploma
- For full details on our English language requirements, see uoft.me/elr. Qualified students who don’t meet these requirements can explore one of our English language transition programs: uoft.me/eltp

Are applicants required to submit personal essays, reference letters, or portfolios?

If your program requires supplemental materials, this will be noted in your JOIN portal at join.utoronto.ca (or in your Engineering Applicant Portal). While some programs require supplemental applications or profiles—see p. 51—most of our programs do not. Please note that essays and letters of reference will not be considered unless we specifically request them. Should supplemental materials be required for one of your target programs, you’ll be notified after you’ve submitted your application.

Can international students live in residence?

On all three of our campuses, residence is guaranteed for new full-time students entering their first year of a postsecondary program for the first time, provided that they indicate their interest in residence by completing the First Year StarRez application by March 31, and receive and accept an offer of admission by June 1. Students must respond to all deadlines and meet all deposit requirements to maintain their eligibility. Learn more at residence.utoronto.ca

What is U of T’s acceptance rate?

Each of our academic divisions varies substantially in both size and application volumes, and so we don’t have a defined acceptance rate. In addition, some specialized programs attract more interest and are consequently more competitive, and these programs admit fewer students due to space limitations.

Are there scholarships and financial aid programs for international students?

Check with your home country’s ministry of education and student financial aid programs to see if you qualify for assistance. All applicants to U of T, including international applicants, are automatically considered for merit-based entrance scholarships. Learn more at future.utoronto.ca/finances/scholarships

If you’re applying to one of our Engineering programs, check discover.engineering.utoronto.ca/finances
**ADMISSIONS CHECKLIST**

**Accept your offer**—and keep your grades up. Find instructions on how to accept your offer of admission on the JOIN portal.

**Pay your non-refundable admission deposit** when you accept your offer of admission. For instructions on how to pay your deposit, go to your JOIN portal.

**Apply for a study permit.** Required documents may include, but may not be limited to, your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

**Maintain your residence guarantee** by completing your first-year residence application on StarRez before March 31. Your residence office will contact you with your residence placement and deposit payment instructions.

**Check your email regularly during the summer.** Your Registrar and residence will send you essential next steps by email. Starting in July, you’ll also be prompted to log into ACORN for your course enrolment start time. At that point, you can begin enrolling in courses. Note that first-year Engineering students do not choose courses and will be provided, instead, with a ready-made schedule.

**Your first tuition fee installment will be due in August.** Each student will receive an invoice during the summer, tailored to their program. If you’ll be living in residence, monitor your email regularly for updates from your Dean of Residence. And learn all about orientation week, sometimes known as Frosh Week, at hello.utoronto.ca

---

*From my first day on campus to now, U of T has always felt like home. Even with 85,000+ students between the three campuses, the sense of community within the colleges and faculties is astounding.*

I was not expecting to have such a large support system and so many resources to help me make the adjustment to university life. From the Kinesiology professors, to learning strategists and the in-house academic advisor, U of T has created an environment in which I can thrive and create my own unique identity. U of T offers a great community and learning space that allows students to grow.

—Sephora, student leader and athlete, Faculty of Kinesiology & Education

700+ PROGRAMS & HOW TO APPLY
Established in 1827, the University of Toronto is among North America’s most renowned universities. U of T is Canada’s #1 university, according to the Times Higher Education World University Rankings, the QS World University Rankings, and the Shanghai Jiao Tong University’s Academic Ranking of World Universities. No other Canadian university offers as wide a range of resources, programs, and opportunities.

Learn more at future.utoronto.ca
HOW TO APPLY
Applicants wishing to be considered for admission to several Ontario universities should apply to the University of Toronto through the Ontario Universities' Application Centre (OUAC) using the "105" application. Applicants who are interested in applying only to the University of Toronto, who reside outside of Canada, and who are neither currently studying nor have previously studied in Canada may apply using the "University of Toronto International application." The University of Toronto does not deal with agents and it does not recommend that applicants deal with agents. We encourage you to apply well in advance of published deadlines. Spaces fill quickly and programs may close before the application deadlines listed below. For complete details: future.utoronto.ca/apply/applying

DOCUMENT DEADLINES
Document deadlines vary by division. For a complete list of document deadlines, visit future.utoronto.ca/apply. We encourage applicants to submit all required documents well in advance of published deadlines. Once we receive your application, we will send you an email acknowledging receipt with next steps.

ADMISSION REQUIREMENTS
Applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. Minimum admission requirements vary by educational jurisdiction and program of study. You must present all requirements, including prerequisite courses, to be considered. All applicants are required to present a Senior Year/Grade 12 English course for admission consideration. All programs have limited spaces and selection is competitive. Some programs require a supplementary application. More at: future.utoronto.ca/apply/requirements

Student Permit/Visa
If you are not a citizen or permanent resident of Canada, you should apply for a study permit and entry visa (depending on your citizenship) as soon as you receive your letter of admission from the University. You can obtain applications for these documents from a Canadian embassy or consulate before departing.

Centre for International Experience
Adapting to a new cultural environment and a new educational system may present some unexpected challenges. The Centre for International Experience is ready to help you with a wide range of services and programs: cie.utoronto.ca

Guardianship
If you are an international student under the age of 18, you may be asked by Immigration, Refugees and Citizenship Canada that they have sufficient resources to cover tuition fees and living expenses. Complete details can be found at cic.gc.ca

APPLICATION DEADLINES
Submitting a complete application as early as possible allows your application to be considered for a wider range of admission opportunities — and, in many cases, permits earlier decisions. Recommended dates for early consideration and Official Deadlines vary by Campus/Program Area:

TUITION FEES 2021–22
The cost of attending university varies depending on your program of study and place of residence during the Fall-Winter academic year.

WORKING IN CANADA
International students are permitted to work part-time and may be able to incorporate paid work terms into their academic programs. After you graduate, you may be allowed to live and work in Canada, full-time, for up to three years.

SCHOLARSHIPS & FINANCIAL AID
All applicants are considered automatically for admission scholarships based on their academic performance. Scholarship offers are generally with our offers of admission. To explore all U of T scholarship opportunities, including those that require separate applications, visit awardexplorer.utoronto.ca

University of Toronto has a longstanding commitment to promoting access through financial support. Canadian citizens and permanent residents may also apply for U of T financial aid for students in financial need.
U.S. citizens can apply for Federal Direct Loans (PLUS/Subsidized/Unsubsidized). Education Savings Plans, and U.S. Federal Education Tax credits are also applicable. Complete details can be found at uoft.me/usloans

U of T Engineering Scholarships
The Faculty of Applied Science & Engineering has scholarships available for international students:

Lester B. Pearson International Scholarships
Covering tuition fees and living expenses for four years, the Lester B. Pearson International Scholarships at the University of Toronto offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world’s most welcoming cities, home to faculty and students from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you.

All applicants are required to submit a Music Questionnaire by January 13, 2022. The Music Questionnaire will be available online at the University’s website. A minimum of two Grade 12 Music credits may be required. All applicants in the Music Questionnaire by February 20, 2022. Applicants will be required to complete the Music Questionnaire by April 13, 2022. After completing the Music Questionnaire, applicants will be directed to a Supplemental Application.

When submitting an application, students should ensure that they are providing accurate and complete information. The information provided in the application will be used to determine eligibility for admission to the University of Toronto. Applicants who are admitted will be required to provide additional information, such as detailed academic records and transcripts, to verify their eligibility for admission. Applicants who are offered admission will be required to meet the requirements for their specific program of study, including any admission prerequisites or conditions.

The University of Toronto reserves the right to give preference to students whose grades are the result of a single attempt at each course. Details about admission requirements pertaining to your educational jurisdiction are available at utsc.utoronto.ca/admissions.
No other Canadian university offers as wide a range of programs as the University of Toronto. According to the Times Higher Education’s Academic Ranking of World Universities, it is Canada’s #1 university, according to the Times Higher Education World University Rankings.

**Admission Requirements**

Applicants must have completed the minimum requirements at an accredited educational institution or have equivalent qualifications. For more information about admission requirements, please visit the University of Toronto's website.

**University Transfer Applicants**

Applicants who hold an undergraduate degree from another postsecondary institution can only be considered for admission after they have completed the minimum requirements at an accredited educational institution or have equivalent qualifications. For more information about admission requirements, please visit the University of Toronto's website.

**Outstanding Academic Performance**

Scholarship offers are based on outstanding academic performance. To qualify for a scholarship, applicants must have completed the minimum requirements at an accredited educational institution or have equivalent qualifications. For more information about scholarship offers, please visit the University of Toronto's website.

**International Students**

International students are permitted to work in Canada, full-time, for up to three years after graduation. However, they may also stay in the Greater Toronto Area and work for up to one year after graduation. For more information about working in Canada, please visit the Citizenship and Immigration Canada website.

**University of Toronto Scholarships**

The University of Toronto offers a wide range of scholarships to recognized students.-To be eligible for a scholarship, applicants must have completed the minimum requirements at an accredited educational institution or have equivalent qualifications. For more information about scholarships, please visit the University of Toronto's website.

**Admissions Committee**
