## ACKNOWLEDGEMENT OF TRADITIONAL LAND

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit.

Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

# THE GREATER TORONTO AREA

## At the Crossroads of Imagination and Impact

**There is no better place for the enterprising student than the University of Toronto: a research and development hotbed that contributes \$15.7 billion a year to Canadian prosperity.**

Not only are our faculty members renowned the world over as industry visionaries, our campuses are just steps away from Canada's largest financial district, Bay Street, and nestled squarely in the commercial heartlands of the Golden Horseshoe. Best of all, at Canada's top university—routinely ranked #1 for funding, innovation, and research output—students can collaborate with friends and mentors in any field to build solutions to the world's most pressing challenges.

Anchored by the Toronto Stock Exchange, the world's largest exchange for energy firms, and a business district that headquarters Canada's five main banks, the GTA is an economic powerhouse that nurtures unmatched talent in everything from cybersecurity to food security, and is acclaimed for its network of 15,000+ technology firms—the famed southern Ontario “digital corridor.”

### YOUR CAREER LAUNCHPAD

Major industries in the GTA include: **aerospace, biotechnology, design, healthcare, financial services, fashion, and film.**

# 75+

Fortune 500 companies are headquartered in Mississauga

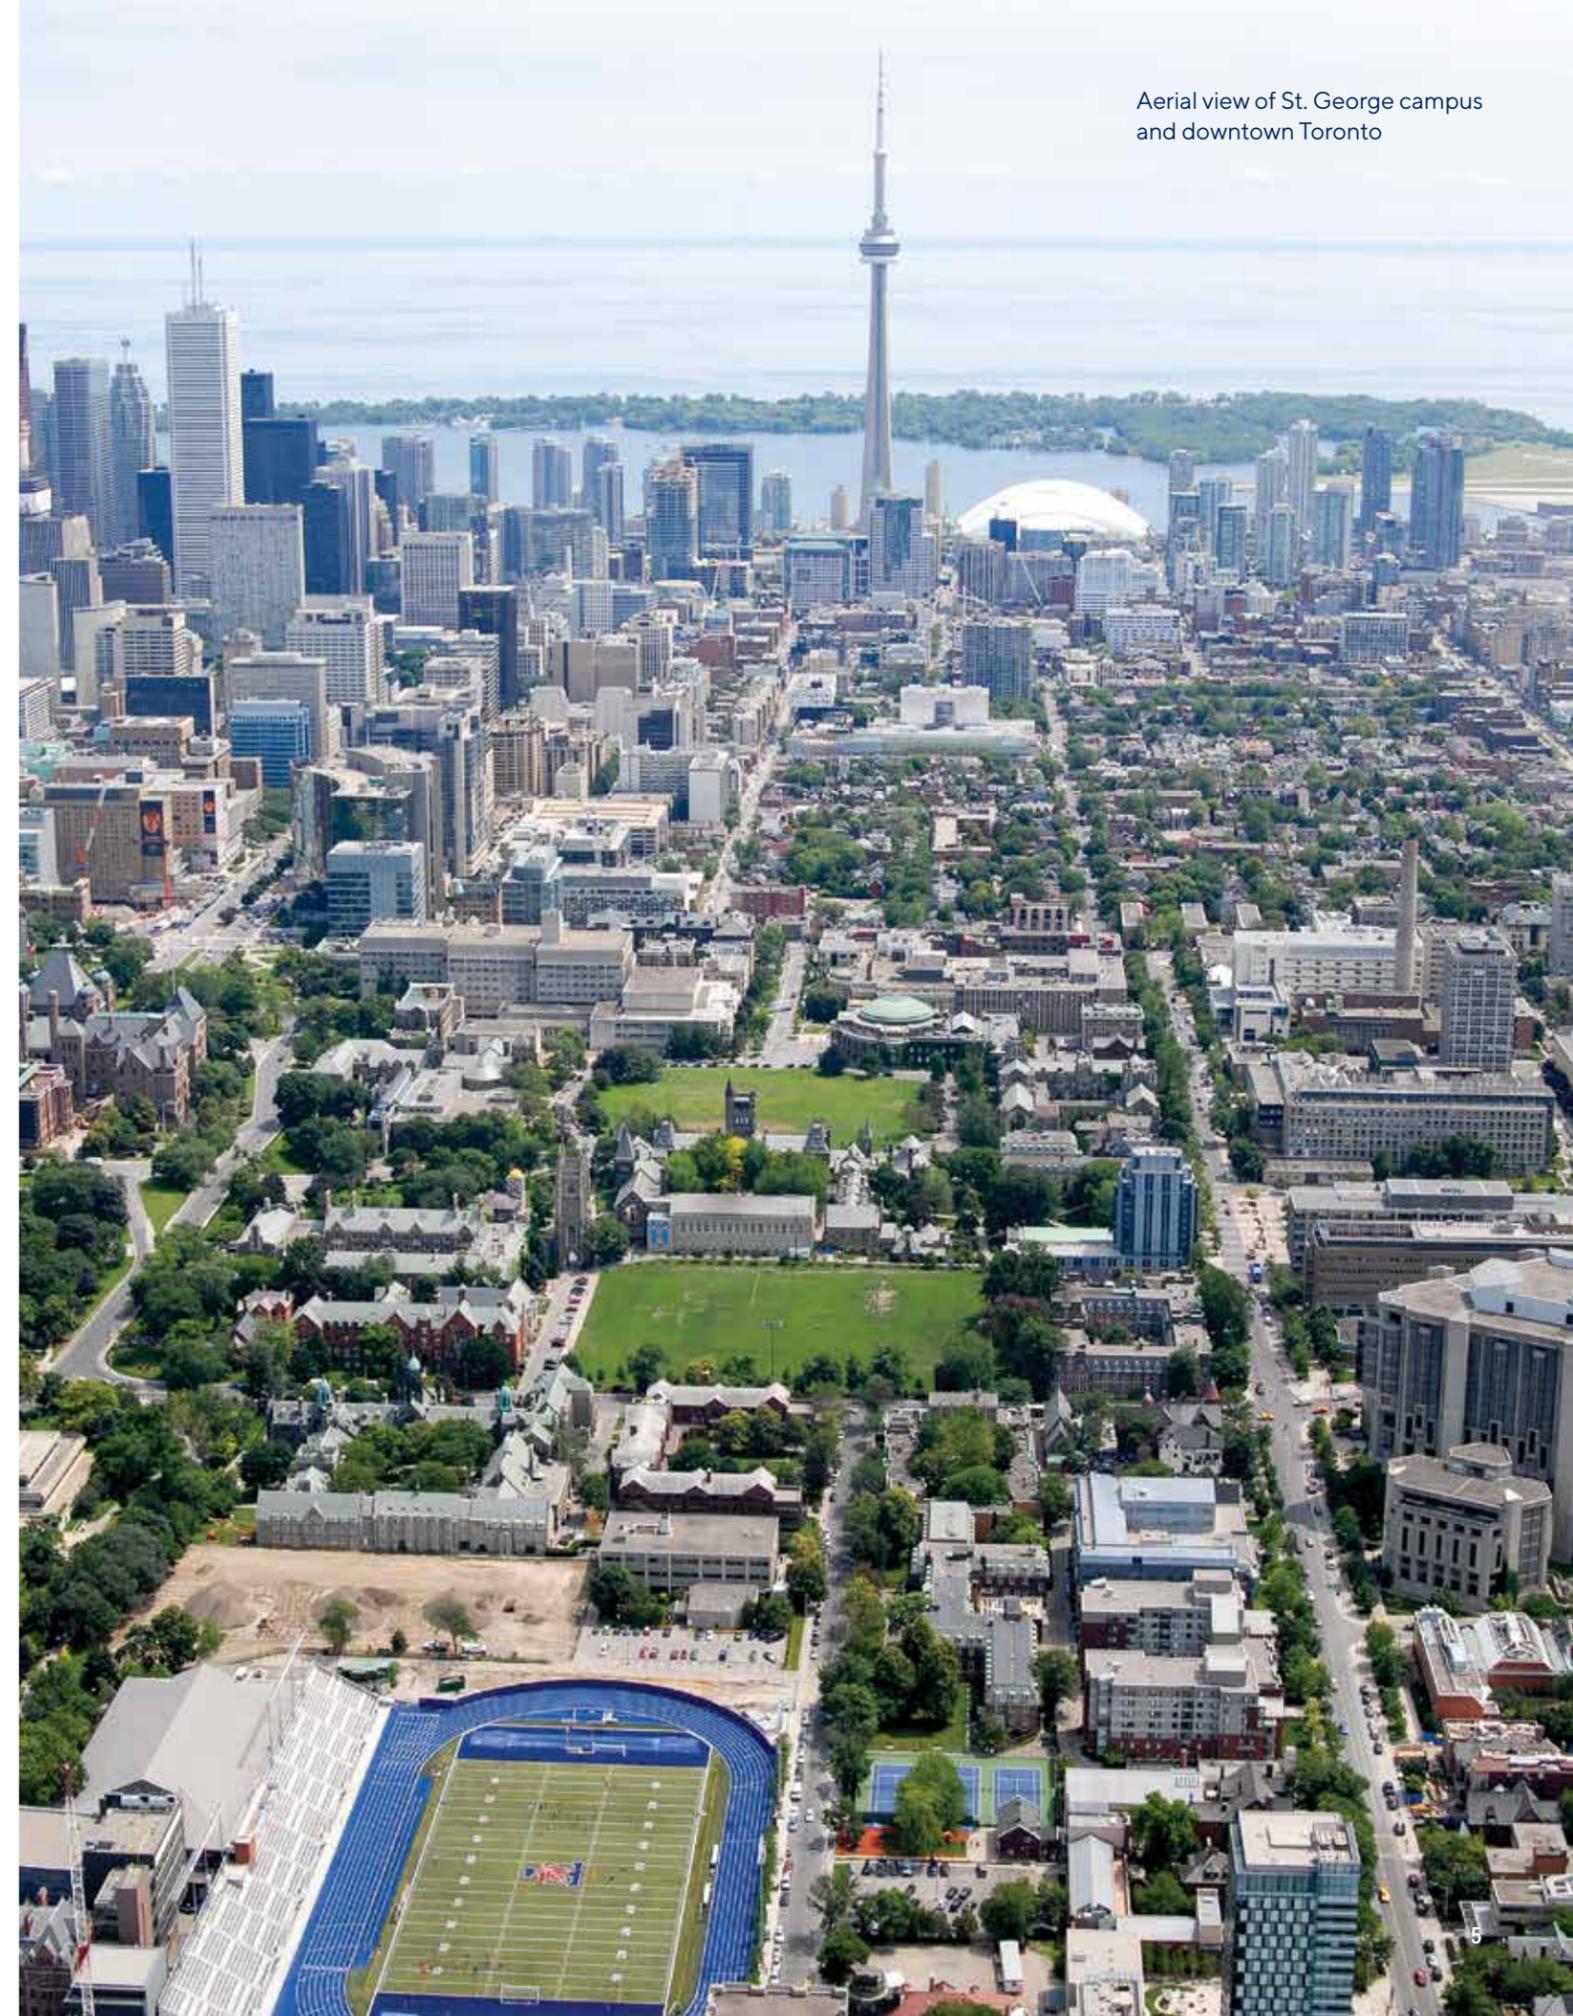

# 9

GTA hospitals are fully affiliated with U of T — Canada's largest healthcare network

# #2

in North America in the Global Cities of the Future ranking

Aerial view of St. George campus and downtown Toronto

**The GTA's many neighbourhoods are where the world comes to learn, laugh, build bridges, and celebrate diversity.**

Savour subtropical snacks in summertime markets, drink in fall foliage on a woodland hike, and enjoy a holiday show or three in December. We've got maple syrup festivals and indie film festivals, not to mention boardwalks, beaches, and buskerfests, complete with live music for every season and every mood. Home to world-class museums and art galleries, the nation's most influential media personalities, and the Toronto International Film Festival (TIFF)—the GTA is a magnet for colour, flavour, and friendship.

## TAKING THE LEAD

25%

of our alumni have founded a company

20%

of our alumni sit on nonprofit boards

## CAREER TRAJECTORIES

University of Toronto alumni can be found working and innovating at multinational firms and organizations that are household names, including: **Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, and Amnesty International.**

8,000+

one-to-one appointments with in-house career educators each year, where students can hone their interview skills and have their grad school applications and resumés critiqued.

15,000

square feet of available space at ONRamp, our co-working and event space dedicated for the curious and the innovative.

18,000+

students have taken courses with a community engagement component in the past decade.

# RESEARCH OPPORTUNITIES

Ever wonder what it's like to uncover artifacts that haven't seen daylight in centuries, or observe international trade negotiations? Wonder no more. Our unique **Research Opportunity Programs (ROPs), Research Excursion Programs (REPs), International Course Modules (ICMs), Co-op programs, learning abroad networks, field schools, and independent study courses** were designed for students just like you.

Get your hands dirty. Get published. Put your skills to work in the world's biodiversity hotspots, or team up with security researchers right here on campus to safeguard democracy on the internet. Explore the steppes of Central Asia in your junior year, then help devise microfluidic tests for emerging viral threats in your senior year. Your degree is yours to customize.

## RESEARCH AND INNOVATION

\$1.45B

in competitive research funding secured each year

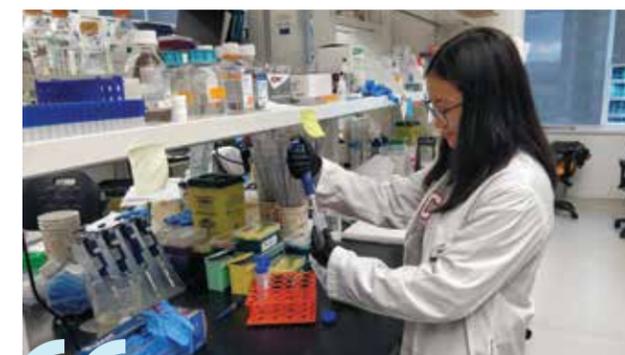

TOP 5

in the world for research output

200+

courses across our three campuses in which undergraduate students have a direct hand in faculty and industry research

▼ Stem cell project at Toronto's SickKids Hospital

*I've been at SickKids research institute for the past two years working on exploring ion channels implicated in childhood brain cancers. We found an ion channel that's associated with medulloblastoma (the most common malignant childhood brain tumor) and when we remove it, survival increases and the tumour size decreases. Specifically, we think it's associated with cancer stem cells, which give rise to the bulk of the tumor, which could serve as a new cancer therapy target. This was super interesting to me because I came to university wanting to study stem cells (after being sold from a StemCellTalks Toronto event I went to at U of T when I was in high school). Cancer stem cells are something I never learned about in classes so it's been amazing learning about an entirely new field, within an area I've always been interested in.*

— Miranda, Faculty of Arts & Science

Hatchery Demo Day  
for student-led startups

# FROM DAYDREAM TO DREAM JOB

At the University of Toronto—the birthplace of insulin, the first electronic pacemaker, seminal ideas in critical media theory, and multi-touch input screens—students nurture their ingenuity with the help of 200+ industry mentors and 11 business accelerators and incubators.

Win seed capital, office space, equipment access, and expert guidance with funding applications, prototyping, and IP protection. Our longstanding partnerships with MaRS Discovery District and other nonprofit research consortia across the region offer unparalleled networking advantages—and our Career Educators can help you hone your pitch.

## DID YOU KNOW?

U of T has an Innovations & Partnerships Office (IPO) dedicated to helping students, research trainees, and other collaborators access industry partnerships, commercialization opportunities, and entrepreneur networks.

## START A STARTUP

**180+**

entrepreneurship courses are offered across our three campuses, attracting nearly 11,000 registrants

**11**

incubators and accelerators across all three campuses. Each offers mentorship, hands-on guidance, and a built-in professional network to undergraduate and graduate creators and innovators

## FUEL YOUR BIG IDEAS

**500+**

startups were founded by the U of T research groups in the past decade, which have raised a combined \$1 billion in investment

**TOP 10**

in University-managed incubators globally—supporting student entrepreneurs, alumni-led startups, and researchers

**700+**

inventions, 200+ patent applications, and 150+ licenses granted every five years—and rapidly rising

All entrepreneurship resources at U of T are open to students from all three campuses, no matter what program or year you're in: [entrepreneurs.utoronto.ca](https://entrepreneurs.utoronto.ca)

U of T's True Blue Fund was created to support our emerging entrepreneurs and double their impact: [uoft.me/true-blue-fund](https://uoft.me/true-blue-fund)

# GLOBAL LEARNING

Through co-op placements, paid internships, learning abroad options in 160+ institutions, field schools, international course modules, and research opportunity programs, you'll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. The University of Toronto is committed to engaging at least 30% of our students with a global experience.

▲ Field courses are a great way to enrich your degree and expand your horizons

“You learn so much from being abroad that goes beyond the classroom. It's like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career.”

—Nitika, U of T Finance and Economics graduate and participant in the 2017 Waseda University Exchange Program

An Earth Sciences student learns hands-on geology on a field trip to New Zealand

## STUDY ABROAD

**4,500+**  
students take part in a learning abroad opportunity each year

**71%**  
of students who studied abroad agreed that their experience abroad had influenced their choice of career path after returning

**\$1.5M**  
in bursaries and grants available each year to foster students' outbound learning and overseas research

Students can work towards a **Global Scholar** designation by taking a curated set of courses offered by their program or faculty. When those courses are completed, students will receive a “Global Scholar” notation on their transcript. Students can also work towards a **Global Citizen** designation that will appear on their co-curricular record (CCR) through workshops and activities to develop their understanding of globalization, global citizenship, and inter-cultural cooperation. A new **Minor in Global Leadership** is proposed to launch in 2023. The minor will develop U of T's first tri-campus multidisciplinary undergraduate community of diverse and globally agile problem solvers.

Learn more about these unique transcript notations:  
[learningabroad.utoronto.ca/global-university](https://learningabroad.utoronto.ca/global-university)

# RISE TO ANY CHALLENGE

There are thousands of things to be passionate about at the University of Toronto.

Our clubs, committees, and civic groups reflect the pluralism of Canadian society and the full spectrum of talent across our student community. Try your hand at chess, debate, archery, or calligraphy. Hone your cooking skills, or your coding skills, and learn how to tend a beehive, aquarium, or investment portfolio. Advance a cause you care about. Learn a second language, or a fifth.

Meet with a Learning Strategist, an International Transition Advisor, a Campus Chaplain, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office.

[uoft.me/student-support](http://uoft.me/student-support)

U of T's Sexual & Gender Diversity Office is the oldest (20+ years) of its kind at any postsecondary institution in Canada. Our annual Queer Orientation is a huge draw for many students and our campuses are home to 20+ student groups for queer and trans undergraduate students. U of T's Health & Wellness clinics have a Trans Healthcare Team, whose services are open to students from all three campuses.

[uoft.me/queerorientation](http://uoft.me/queerorientation)

There are 80+ alumni and peer mentor programs across our three campuses, including groups for mature students, Black, Indigenous, Latin American, and Southeast Asian students, first generation students, and students with family responsibilities.

[uoft.me/accessinclusion](http://uoft.me/accessinclusion)

Hart House is a centre for experiential education outside the classroom, where students from all three of our campuses find welcome and unique ways to connect with each other and the broader world through engagement with the arts, dialogue, and wellness. From peer groups for study and social justice-based community talks to art exhibitions, theatre workshops, and classes to strengthen the body and spirit, Hart House offers something for everyone, something for you.

[harthouse.ca](http://harthouse.ca)

# POETRY IN MOTION

**Whether you're a national all-star or the neighbourhood MVP, your future teammates need you! With men's and women's Varsity Blues teams across 25 sports, and an 11,000-strong intramural community, athletics is a major part of life for our students.**

Last year, U of T's teams racked up a dozen intercollegiate championships in baseball, badminton, fencing, figure skating, golf, mountain biking, water polo, and more. But you don't have to be an athlete to join up and join in. No matter your skill level, there's a class for you:

[uoft.me/whatyoucando](https://uoft.me/whatyoucando)

*The Tri-Campus Development League is a great way for students to come out and try out for sports they have a passion for. As someone who is not from this province, it's been great to meet different people with different interests, who share the same passion for sport as me.*

—Jessica, third-year Forensic Science student at U of T Mississauga

## SPORT & RECREATION

Drop into any of our state-of-the-art facilities to enjoy the largest range of classes, events, and club sports at any Canadian university.

Classes include aquatics, ballet, fencing, parkour, squash, kendo, swimming, diving, lifeguarding, strength and conditioning, and more.

[uoft.me/sportandrec](https://uoft.me/sportandrec)

Development League women's soccer

## VARSITY BLUES

The Varsity Blues program provides competitive sport opportunities at the provincial and national level for outstanding student-athletes. The program is the largest intercollegiate program in Canada, with 42 teams across 25 sports, and 904 student athletes across all three campuses.

[varsityblues.ca](https://varsityblues.ca)

# 3 CAMPUSES 1 UNIVERSITY

Unique in North America, our tri-campus system makes it easy for students to learn, network, and innovate in Canada's economic heartland, just steps from some of the world's most diverse neighbourhoods.

You can apply to one admission category per academic division. Outlined just ahead, our seven first-entry academic divisions are U of T Mississauga, U of T Scarborough, plus five faculties at U of T St. George:

- Faculty of Applied Science & Engineering
- John H. Daniels Faculty of Architecture, Landscape, and Design
- Faculty of Arts & Science
- Faculty of Kinesiology & Physical Education
- Faculty of Music

Once you're a registered student, you'll be able to personalize your degree with majors, minors, specialists, and certificates.

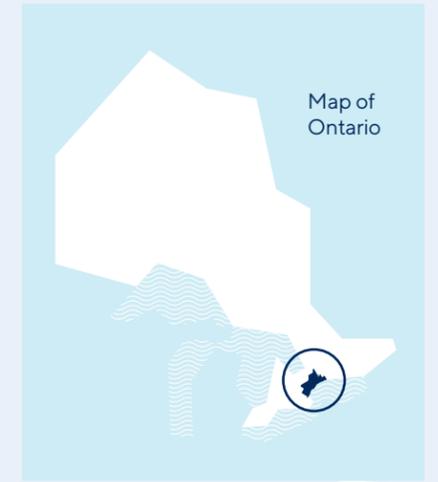

For our complete program listings, check out our Undergraduate Admissions Bulletin.

## ADMISSION CATEGORIES

Kinesiology and Physical Education

*"I love the size of our faculty because with it being so small it lets you become part of a great community (or KINmunity to be cheesy), and it feels great to feel part of something like this. You get to know most of the people in your year and many of the other years as well and it makes for an amazing environment, especially when you get to places like the Benson student lounge where you see all four years hanging out together and just helping each other out."*

—Ruqayyah, fourth-year BKin student

Through inclusive excellence in research, teaching and practice, the Faculty of Kinesiology and Physical Education at U of T educates and graduates a diverse student body who become productive contributors and leaders in their fields. Our BKin students thrive in careers spanning the biophysical, psychological, physical, and cultural, including exercise physiology, psychology of injury and rehabilitation, ethical issues and biomechanics. Students benefit from hands-on learning, community engagement, research opportunities and learning abroad experiences, and can pursue a Certificate in Global Kinesiology & Physical Education or a Certificate In Physical Activity Instruction within their BKin degree. BKin students also have the opportunity to enroll in a combined Master of Teaching (MT) degree program at the Ontario Institute for Studies in Education (OISE). Learn more: [uoft.me/BKin](http://uoft.me/BKin)

### KINections

KINections is all about helping students connect with each other and get involved beyond the classroom. An initiative of the Registrar's Office, KINections presents curated virtual and on-campus activities that support wellness and connection, at KPE and with the local and global community. Learn more: [kinnections.utoronto.ca](http://kinnections.utoronto.ca)

# Faculty of MUSIC

[music.utoronto.ca](http://music.utoronto.ca)  
[undergrad.music@utoronto.ca](mailto:undergrad.music@utoronto.ca)  
[@uoftmusic](https://www.instagram.com/uoftmusic)

Hands-on learning drives every part of our curriculum.

A degree in Music fosters critical thinking, discipline, and teamwork. Our alumni have gone on to score films, pioneer new technologies, and pack concert halls. Music students take part in a total of 600+ concerts and recitals each year. From Early Music, to Jazz, to West African Drumming and Dancing, to Japanese Taiko Drumming, we bring the diversity of Canada into the classroom.

Auditions/interviews are held in February. Learn more: [uoft.me/MusicAdmReq](http://uoft.me/MusicAdmReq)

## ADMISSION CATEGORIES

- Artist Diploma
- Composition
- Comprehensive Studies (Classical or Jazz)
- History, Culture, and Theory
- Music Education (Classical or Jazz)
- Performance (Classical or Jazz)

*"The U of T Jazz program has given me many opportunities to play in professional settings, allowing me to gain real industry experience while still in school. Many of my academic performances have led to professional performance opportunities in the city."*

—Ben, Bachelor of Music Performance

# U OF T MISSISSAUGA

As Canada's sixth-largest city, Mississauga provides an urban experience within a stunning natural setting. Enjoy world-class learning in an intimate, hands-on setting at U of T Mississauga, where 16,000+ students and 140+ student clubs collaborate and learn in award-winning green facilities, surrounded by 225 acres of protected greenbelt land.

# LIVING ON CAMPUS

Life at U of T Mississauga is a bespoke experience. Grab yourself a fair trade coffee before class—just one of the perks of studying at the first Silver Fair Trade Campus in Canada. Breathe in some fresh air and enjoy a walking tour through the scenery on a Wellness Route, or rent a bicycle for free from BikeShare. Once it's time to settle in, head to the library to take out some research material—and a board game for break time with friends. You'll soon discover how study sessions, gaming sessions, and late-night heart-to-hearts can be one and the same.

UTM's Department of Student Housing and Residence Life is your team away from home. We foster academic success and personal growth by maintaining safe, nurturing facilities and a rich array of co-curricular residence programs at a competitive price. We offer the most diverse range of housing options within the University of Toronto with more than 1,500 single and double spaces in traditional-style rooms, apartments, and townhouses. Learn what it's like to live at UTM, and view floor plans and meal plans, at

[utm.utoronto.ca/housing](https://utm.utoronto.ca/housing)

*I love UTM, it's so cozy and nature-y. I love the fact that it has so many animals like deer—we don't have deer in Trinidad.*

—Nikiela Baptiste, Forensic science student from Trinidad and Tobago

Freedom of Xpression, U of T Scarborough's annual performing arts showcase, is organized entirely by students

# LIVING ON CAMPUS

Our mission at U of T Scarborough is to cultivate the potential in each student. Overlooking lush parklands on the eastern shoreline of Canada's most cosmopolitan city, U of T Scarborough's closely knit residence communities are just steps from gleaming, sustainably built facilities and state-of-the-art labs. Toronto's most diverse neighbourhood—"the dining capital of the world," as American economist Tyler Cowen calls it—Scarborough is the perfect home base for crafting a business proposal, policy paper, or novel, while sealing the deal over Hakka noodles, banh mi, and bubble tea.

Residence options at U of T Scarborough include townhouses, apartment-style units, and furnished single and double rooms conveniently located minutes away from transit, grocery stores, and malls, as well as scenic creeks and valleys. Under the guidance of a dedicated staff team, the residence life experience is driven by students, for students, through a Scarborough Campus Residence Council whose members see to it that every resident feels connected, inspired, empowered, and at home.

Learn what it's like to live at U of T Scarborough, and discover the amenities and meal plans that await you at

[utsc.utoronto.ca/residences](https://utsc.utoronto.ca/residences)

*I instantly felt that this is the right fit for me. A warm, friendly and encouraging community is what I felt and have loved ever since. I chose a double major in Media Studies and Human Biology because it gives me the balance and different perspectives I need to get the full picture.*

—Annie, Media Studies and Human Biology; originally from Aleppo, Syria

Students walk to class outside the Social Sciences Building

# APPLY NOW

Join the University of Toronto and become part of a vibrant research community. Admission is competitive—spaces fill quickly—so be sure to apply as soon as possible. Then, add [@utoronto.ca](mailto:@utoronto.ca) to your safe senders list, and keep a close eye on your inbox. About a week or two after you submit your application, we'll send you an acknowledgement email with further instructions.

## 1. COMPLETE YOUR APPLICATION

### NOV 7

Recommended application deadline for early consideration.

### JAN 12

Final application deadline for most divisions.

## 2. SUBMIT ANY REQUIRED DOCUMENTS

### FEB 1

Deadline for documents: Self-Reported Grades; English language tests: [uoft.me/elr](https://uoft.me/elr)

### MAR 31

Deadline for residence application: [uoft.me/residence-app](https://uoft.me/residence-app)

## 3. MONITOR YOUR INBOX!

### FEB – MAY

Admissions decisions are made and offers are issued.

## 4. IF YOU GET AN OFFER

Check your offer of admission in the JOIN portal for the deadline by which you'll need to accept, and any further steps to take to secure your spot.

If you reside outside of Canada, are applying solely to the University of Toronto, and have neither past nor present experience studying in Canada, you can apply using the "University of Toronto International Application". If you wish to apply to several universities in Ontario, you should apply through the Ontario Universities' Application Centre (OUAC) using the "105" application.

Learn all about our application types, deadlines, and more: [future.utoronto.ca/apply/applying](https://future.utoronto.ca/apply/applying)

**Activate your JOIN portal and follow the instructions.** Shortly after receiving your OUAC application, we will send you an acknowledgement email with a set of credentials that you can use to activate and access your JOIN portal at [join.utoronto.ca](https://join.utoronto.ca)

Once you get the credentials we send you, sign into JOIN and complete the rest of your application. Engineering applicants will be redirected to a separate portal after signing into JOIN, called the Engineering Online Student Portal. Submit any required documents by the deadlines listed in your portal.

- Transcripts should be sent electronically through Parchment/Naviance/SCOIR. If your school doesn't use one of these services, upload your transcripts through JOIN or the Engineering Online Student Portal.
- If you are completing the IB curriculum, final IB results must be sent to the University electronically by the International Baccalaureate Organization (IBO).
- Students completing a U.S.-patterned high school curriculum should note that test-optional assessment has been adopted for the 2023-24 admissions cycle. For full details, including minimum requirements, consult our Undergraduate Admissions Bulletin or visit [uoft.me/UnitedStates](https://uoft.me/UnitedStates).

Applicants to our Faculty of Applied Science & Engineering should always consult [discover.engineering.utoronto.ca](https://discover.engineering.utoronto.ca) for complete admission requirements.

You can always monitor the status of your application by signing into the JOIN portal.

You'll also be able to see a running list of documents that you've submitted and that we still need from you.

**Be sure to satisfy any conditions listed in your offer of admission.** If you are not a Canadian Citizen or Permanent Resident, you should plan to obtain a valid study permit before entering Canada. Required documents include—but may not be limited to—your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

Learn more about study permits through Immigration, Refugees and Citizenship Canada: [canada.ca/en/immigration-refugees-citizenship](https://canada.ca/en/immigration-refugees-citizenship)

## SUPPLEMENTAL APPLICATIONS

Supplemental Applications help us get to know you better. They're a chance for you to showcase your unique experiences, strengths, and interests. We're looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

## ADMISSION AREAS THAT REQUIRE SUPPLEMENTAL APPLICATIONS

### St. George

# HELPING YOU FIND YOUR WAY

Joining our community means gaining full access to all campus programming—including work study programs and co-op programs. Once you become a student, our international advisors can offer guidance on eligibility criteria for on- and off-campus work, and how to apply for a co-op work permit should your degree include an internship or placement. Learn more:

[internationalexperience.utoronto.ca](http://internationalexperience.utoronto.ca)

If you are not a Canadian Citizen or Permanent Resident, you must obtain a valid study permit before entering Canada. Required documents include—but may not be limited to—your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance. International students who complete a Canadian university degree may be allowed to work full-time in Canada for up to 3 years. Learn more about study permits and post-graduation work permits through Immigration, Refugees and Citizenship Canada:

[canada.ca/en/immigration-refugees-citizenship](http://canada.ca/en/immigration-refugees-citizenship)

## FINANCING YOUR EDUCATION

**Our newly admitted students are eligible for 5,700+ entrance awards, including about 210 scholarships valued at \$10,000 each through the President's Scholars of Excellence Program—just one of thousands of awards for which incoming students are automatically considered. Think you might be a contender?**

Check what's available at [awardexplorer.utoronto.ca](http://awardexplorer.utoronto.ca). Don't forget: some awards require a nomination from your school.

### FINANCIAL AID

# \$249M

in financial aid and awards disbursed each year

# \$89M

disbursed each year in need-based awards

# \$46M

in financial support to almost 6,600 international students

# \$137M

available annually in merit-based awards

Use our handy planning estimator: [planningcalc.utoronto.ca](http://planningcalc.utoronto.ca)

*Attending university abroad was not my original intention, but upon learning I was selected as a Pearson Scholar at U of T, I immediately felt like I was being called home. U of T is the first academic setting to inspire me to use what I learn in the classroom to shape my worldview. This has much to do with the university's commendable team of educators, who impart ingenuity of thought to their students rather than simply teaching course content. I can even sense the effect of U of T's unique philosophy on education during casual conversations with my peers.*

Check our complete menu of award possibilities at [awardexplorer.utoronto.ca](http://awardexplorer.utoronto.ca)

—A recipient of our 2018 Lester B. Pearson International Scholarship, Pamela applied to U of T from the Philippines and recently completed her studies in Psychology and Health Sciences at U of T Scarborough.

## FREQUENTLY ASKED QUESTIONS

### What are your admission requirements?

- For minimum requirements from all secondary school systems, please visit [uoft.me/reqs](http://uoft.me/reqs) and browse to your country of study. For a searchable index of our 700+ first-entry programs and their specific prerequisites, visit [future.utoronto.ca/undergraduate-programs](http://future.utoronto.ca/undergraduate-programs)
- For complete details on Engineering requirements, visit [discover.engineering.utoronto.ca](http://discover.engineering.utoronto.ca)
- Are you completing the International Baccalaureate curriculum? Visit [uoft.me/IBdiploma](http://uoft.me/IBdiploma)
- For full details on our English language requirements, see [uoft.me/elr](http://uoft.me/elr). Qualified students who don't meet these requirements can explore one of our English language transition programs: [uoft.me/eltp](http://uoft.me/eltp)

### Are applicants required to submit personal essays, reference letters, or portfolios?

If your program requires supplemental materials, this will be noted in your JOIN portal at [join.utoronto.ca](http://join.utoronto.ca) (or in your Engineering Applicant Portal). While some programs require supplemental applications or profiles—see p. 35—most of our programs do not.

Please note that essays and letters of reference will not be considered unless we specifically request them. Should supplemental materials be required for one of your target programs, you'll be notified after you've submitted your application.

### Can international students live in residence?

On all three of our campuses, residence is guaranteed for new full-time students entering their first year of a post-secondary program for the first time, provided that they indicate their interest in residence by completing the First Year StarRez application by **March 31**, and receive and accept an offer of admission by **June 1**.

Students must respond to all deadlines and meet all deposit requirements to maintain their eligibility. Learn more at [residence.utoronto.ca](http://residence.utoronto.ca)

### I'm completing high school abroad, but I am a Canadian citizen. Will I pay international or domestic tuition fees?

Canadian Citizens, Landed Immigrants, and Permanent Residents are eligible to pay domestic tuition fees regardless of where they happen to be living when they apply to U of T. However, be aware that admission consideration is always based on the regional high school curriculum that you're completing.

### What is U of T's acceptance rate?

Each of our academic divisions varies substantially in both size and application volumes, and so we don't have a defined acceptance rate. In addition, some specialized programs attract more interest and are consequently more competitive, and these programs admit fewer students due to space limitations.

### Are there scholarships and financial aid programs for international students?

Check with your home country's ministry of education and student financial aid programs to see if you qualify for assistance. All applicants to U of T, including international applicants, are automatically considered for merit-based entrance scholarships. Learn more at [future.utoronto.ca/finances/awards](http://future.utoronto.ca/finances/awards)

If you're applying to one of our Engineering programs, check [discover.engineering.utoronto.ca/finances](http://discover.engineering.utoronto.ca/finances)

# ADMISSIONS CHECKLIST

**Accept your offer**—and keep your grades up. Find instructions on how to accept your offer of admission on the JOIN portal.

**Pay your non-refundable admission deposit** when you accept your offer of admission. For instructions on how to pay your deposit, go to your JOIN portal.

**Apply for a study permit.** Required documents may include, but may not be limited to, your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

**Maintain your residence guarantee** by completing your first-year residence application on StarRez before March 31. Your residence office will contact you with your residence placement and deposit payment instructions.

**Check your email regularly during the summer.** Your Registrar and residence will send you essential next steps by email. Starting in July, you'll also be prompted to log into ACORN for your course enrolment start time. At that point, you can begin enrolling in courses. Note that first-year Engineering students do not choose courses and will be provided, instead, with a ready-made schedule.

**Your first tuition fee installment will be due in August.** Each student will receive an invoice during the summer, tailored to their program. If you'll be living in residence, monitor your email regularly for updates from your Dean of Residence. And learn all about orientation week, sometimes known as Frosh Week, at [hello.utoronto.ca](http://hello.utoronto.ca)

*From my first day on campus to now, U of T has always felt like home. Even with 85,000+ students between the three campuses, the sense of community within the colleges and faculties is astounding.*

*I was not expecting to have such a large support system and so many resources to help me make the adjustment to university life. From the Kinesiology professors, to learning strategists and the in-house academic advisor, U of T has created an environment in which I can thrive and create my own unique identity. U of T offers a great community and learning space that allows students to grow.*

—Sephora, student leader and athlete, Faculty of Kinesiology & Education

# KNOW NO LIMITS

At the University of Toronto, you can craft a university experience like no other.

We are one of the world's top universities: home to superstar academics, a vast array of programs, three campuses brimming with creativity and culture, and a vibrant community ready to welcome you and help you realize your aspirations.

Whatever discipline you want to pursue, cuisine you want to eat, hobby you want to try—it's all here. You'll learn cutting-edge skills, build lifelong relationships, and gain the experiences you need to become a trailblazer, wherever you decide to make your mark.

There is no limit to what you can do at U of T. Meet students from around the world. Surround yourself with bold and compassionate thinkers. Engage with the ideas and issues you care about. Redefine what's possible for you. Shoot for the moon. Defy gravity.
