

UNIVERSITY OF
TORONTO

UNIVERSITY OF TORONTO

A WORLD-RENOWNED

UNIVERSITY

U of T is a world-renowned university in a celebrated city where knowledge meets achievement, history meets future and ambition meets inspiration. Leading academics from around the world have rated the University of Toronto number one in Canada and 22nd in the world according to the 2018 Times Higher Education World University Rankings.

Acknowledgment of Traditional Land

We wish to acknowledge the land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and, most recently, the Mississaugas of the Credit River. Today, this meeting place is still home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

#1

University in Canada, and 28th in the world, according to the 2018 QS World University Rankings.

#1

Research University in Canada according to Research Infosource 2017.

#1

University in Canada, and 23rd in the world, according to Shanghai Jiao Tong University's 2017 Academic Ranking of World Universities.

#1

University in Canada, and among the world's top 10 public universities, according to U.S. News & World Report's 2017 Best Global Universities Rankings.

#1

University in Canada, and 22nd in the world, according to the 2018 Times Higher Education World University Rankings.

#1

University in Canada for graduate employability according to both the 2017 QS Graduate Employability Rankings and the 2017 Times Higher Education Global University Employability Rankings.

#1

Most innovative university in Canada, according to Reuters' 2017 World's Most Innovative Universities rankings.

The UNIVERSITY OF TORONTO.

Toronto, Canada

*The Greater Toronto Area
is the best of all worlds.*

The city has, at its very core, exceptional diversity: nearly half of Toronto's residents were born outside Canada. Our city's living mosaic continues to draw the best and the brightest, who come here seeking world-class culture, business and education in one of the safest cities in North America.

They find it, too, in the Fortune 500 company headquarters along Bay Street and various districts of Mississauga; in research centres throughout the city; in our museums and galleries; in literary, music and film festivals that take place throughout the year; and in numerous educational institutions, among which U of T is a leader.

Toronto is among the world's

TOP 15 **1,600**

best cities for international university students. Toronto scored highest in the area of desirability.

(©S Quacquarelli Symonds' Best Student Cities 2018 Index)

public parks – including North America's largest urban park – nestled among 373 miles of scenic hiking trails.

Toronto's eight professional sports teams compete in the top North American leagues – the AHL, CFL, MLB, MLS, NBA NHL, NLL, and RFL. You haven't experienced a championship run until you've experienced one of ours!

UNIVERSITY OF TORONTO facts

- Average **301** Days of Sunshine

Discover Our THREE CAMPUSES

U of T St. George

U of T Mississauga

U of T Scarborough

Students choose to study at one of our three campuses: U of T St. George in downtown Toronto; U of T Mississauga, 20 miles west of downtown Toronto; and U of T Scarborough, 20 miles east of downtown Toronto. Each campus offers a unique set of experiences and programs. Whether you go to U of T Scarborough, U of T Mississauga or U of T St. George, you'll be a student at a university with global prestige.

The historic U of T St. George campus is the most urban in the U of T triad. The juxtaposition of Gothic architecture and sleek ultra-modernism is a metaphor for the range of offerings within its bounds. Since 1827, a tradition of academic excellence and achievement has driven the University's aspiration to continue graduating leaders who can and will make significant contributions to the world. U of T St. George's location in the heart of downtown Toronto provides a rich cultural context for a myriad of learning options. Five direct-entry undergraduate faculties: Arts & Science (including seven colleges); Applied Science & Engineering; Music; Kinesiology & Physical Education; and Architecture, Landscape, & Design, as well as the professional faculties, call U of T St. George their home. Students across each discipline have a role to play inside and outside the classroom.

All students within the Faculty of Arts & Science on the downtown Toronto (St. George) campus are affiliated with one of seven colleges. The colleges are a home base for students and provide the advantages of a close-knit community experience within a large research university, including on-campus residences. Academic programs within the Faculty of Arts & Science are not related to college choice.

The colleges are: Innis College, New College, St. Michael's College, Trinity College, University College, Victoria College, and Woodsworth College.

U of T Mississauga is a student-centred research community highly respected for its academic programs and research contributions. Located in a park-like expanse in Canada's sixth largest city, U of T Mississauga is approximately 20 miles from Toronto city centre and directly accessible by U of T shuttle bus and public transit. U of T Mississauga's unique educational programs include: Canada's premier Forensic Science degree program; a Department of Language Studies that delivers courses in 10 languages; two business degree options (BCom, BBA); and joint programs with Sheridan College in Art and Art History, Theatre and Drama, and Communication, Culture, Information and Technology. It is also home to one of the academies of U of T's Faculty of Medicine and the Institute for Management and Innovation. The University has strong ties with the City of Mississauga as well as its residents, which leads to learning experiences throughout the city that include opportunities in government, business and the arts.

U of T Scarborough students get a head start on their futures through arts, science and business co-operative learning programs as well as internships, community engagement, leadership development and hands-on research with professors who are uncovering the keys to a healthy planet, a healthy population and a flourishing global society. Within U of T Scarborough's close-knit community, students can create one-of-a-kind learning experiences. You'll find programs in management, arts and sciences, along with specialized programs such as Mental Health Studies and International Development Studies, as well as unique joint degrees, combined bachelor/master degrees and double degrees. U of T Scarborough's dynamic and growing campus is surrounded by parklands and at the heart of a multicultural neighbourhood. It is a showcase for new buildings by award-winning architects, including the Toronto Pan Am Sports Centre and the Environmental Science & Chemistry Building.

1827

The University of Toronto was established over 190 years ago. The university is older than the City of Toronto itself!

UNDERGRADUATE STUDIES

Unparalleled Choice

U of T offers exceptional range, choice and depth of study. Undergraduate students can choose from more than 700 academic programs, and they can learn from the best minds and most dedicated teachers in each of those fields.

Build Your Own Degree

When building an Arts, Science, or Business degree, you'll have the opportunity to choose from Specialist, Major, and Minor program options. Overall, in an undergraduate degree, students will take a minimum of 20 credits in a variety of subjects. Students are able to build degrees to match their own interests by mixing program areas into one Specialist, two Majors, or one Major & two Minors.

Specialists are advanced concentrations with 9 to 16 credits in one academic area.

Majors consist of a concentration of courses in a specific subject area and make up 6 to 9 credits.

Minors are 4 to 5 credits and allow students to explore their general interest in a subject area.

U of T offers you dynamic student life opportunities and boundless choices to explore. Choose from more than 1,000 student organizations, athletic teams and academic associations—or create your own.

The World Awaits

Our students take what they learn and put it to work in labs and boardrooms—on hackathons and archaeological digs—and in concert halls, city halls, and the community at large. U of T's research clusters are woven into the economic fabric of the continent. Not only do we contribute over \$15 billion to the Canadian economy each year through private and nonprofit partnerships in every industry, we're North America's #1 public university for global employability, the birthplace of 150+ research-based startups in the last five years alone, headquarters to 1,000+ thriving student clubs, and home to 50+ co-op programs in the arts, sciences, business, and engineering.

Beyond the Classroom

Through co-op placements, paid internships, learning abroad options in 150+ institutions, field schools, international course modules, and research opportunity programs, you'll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness. Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. Learn more at uoft.me/global-learning.

Rise to Any Challenge

Not all learning takes place in the classroom, and not everyone learns in the same way. Finding the best way to balance school, work, home, and health can be daunting! We get that life is complicated, and we're here to help. Meet with a Learning Strategist at Accessibility Services, an International Transition Advisor at our Centre for International Experience, a Campus Chaplain at the Multi-Faith Centre, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office. We're here for you. Learn more at uoft.me/student-support.

Intramural Sports

You might not be able to play for the Toronto Raptors, but with 10,000+ students competing in our intramural sports leagues every year, you'll love being a U of T athlete. Intramural sport—our most popular co-curricular offering—is a major part of life for thousands of students across our three campuses. Enjoy our state-of-the-art facilities, and show us your skills. Our intramural sports include: badminton, basketball, broomball, European handball, field hockey, flag football, hockey, indoor cricket, indoor soccer, inner tube water polo, lacrosse, rugby, soccer, softball, squash, table tennis, tennis, track meet, ultimate frisbee, volleyball, and water polo. Learn more at uoft.me/sports-rec.

Living at U of T

Living in residence means having a live-in support network. Your Dons and Resident Assistants will always be right down the hall from you, and our classrooms, gyms, labs, and libraries will be never be more than a quick dash away. Each residence has its own intramural teams, social committees, meal plans, and a variety of room styles. No matter where you live, you'll love being steps away from all of the nightlife, sports, fashion, and fun that make Toronto one of the world's most liveable cities. For more, check out uoft.me/livingoncampus. And learn about our residence guarantee at uoft.me/res-guarantee.

If you decide to get your own place at some point, our Off-Campus Housing service can help you navigate the rental market and find the right fit. Learn more at offcampushousing.utoronto.ca.

APPLICATION INFORMATION

HOW TO APPLY

Visit future.utoronto.ca/apply/applying for application details and deadlines. The recommended application deadline for all programs is November 1, 2018. Spaces in programs are filled on an ongoing basis and programs may close before published deadlines.

Applying to More Than One Ontario University

Apply through the Ontario Universities' Application Centre using the "105" application: www.ouac.on.ca

Applying Only to the University of Toronto

Apply using the "University of Toronto International Application" if

- you reside outside of Canada; and
- you are not currently studying, nor have previously studied, in Canada.

The U of T International Application is available at future.utoronto.ca/apply/applying

Submitting Transcripts & Test Scores

After applying, students must self-report grades through the Join U of T Applicant Website and/or the Engineering Applicant Portal. Transcripts must be sent electronically by Parchment/Naviance. If your school does not use Parchment/Naviance, you can upload your transcripts through the Join U of T Applicant Website and/or Engineering Applicant Portal.

SAT, AP and ACT scores should be sent to us electronically. The University of Toronto's SAT and AP institution code is 0982 and our ACT institution code is 5366.

UNITED STATES HIGH SCHOOL ADMISSION REQUIREMENTS

In our admission review, the University will consider your overall academic record, including SAT/ACT results, AP/SAT Subject Tests results, and high school transcripts. Admission consideration includes in-progress grades from senior year, as well as junior year achievement (where grades for senior level courses are not yet available). Admission is competitive and subject to space availability.

Arts, Science, Commerce/Management, Kinesiology, Music

- Senior Year/12th Grade in an accredited U.S. high school with a high grade point average. Most programs will consider grades of B+ to A- and above. Senior-year English is required for all programs.
- High scores on Redesigned SAT (including Essay) or ACT exams (including Writing Test Component). Most successful applicants present scores of at least 630 on each section of the Redesigned SAT and scores of at least 6 in each section of the Essay, or, an ACT Composite score of at least 28 and ACT Writing Score of at least 8. Higher results are required for more competitive programs.

- A minimum of two appropriate SAT Subject Tests or AP exams or IB courses; a combination of these options covering different subjects is also acceptable. Most successful applicants present scores of at least 600 in each SAT Subject Test or a score of at least 3 on each AP exam. Higher results are required for more competitive programs.
- Applicants should present a complete high school transcript, including a list of senior level courses and first quarter or first semester midterm grades for senior year (if available). In some cases the admissions committee will request mid-year grades for senior year before making a decision.
- In some instances, Pre-Calculus can be used to meet the minimum requirement for program areas that require mathematics for admission. Those seeking admission to math, science or commerce programs are **strongly** advised to complete AP Calculus or locally-designed Calculus or 1 semester of college or university Calculus; AP Statistics does not provide the appropriate preparation.

INTERNATIONAL BACCALAUREATE PROGRAM

Arts, Science, Commerce/Management, Kinesiology, Music

- An International Baccalaureate Diploma, including English HL or SL is required for admission.
- Prerequisite courses can be presented at either the Standard or Higher Level.
- For programs with a Math prerequisite, Math SL or HL is required. Math Studies is not acceptable.
- A total score of 27 or higher, not including bonus points, is required for admission consideration. More competitive programs require a significantly higher score.
- Final IB results must be sent to the University electronically by the International Baccalaureate Office.

Engineering

- An International Baccalaureate Diploma, including Math, Chemistry, Physics and English. Math Studies is not acceptable.
- While the Committee accepts Standard Level (SL) courses, additional consideration is given for prerequisite courses completed at the Higher Level. Additional points awarded for Theory of Knowledge and the extended essay are not considered by the Admissions Committee.
- Although most of our programs require higher scores, students with a predicted score of at least 30 will be considered for admission to the Faculty of Applied Science & Engineering. Applicants with a predicted score of below 4 in any of the prerequisite subjects will not be considered for admission.

ADMISSIONS TIMELINE

APPLICATION DEADLINE

The recommended deadline for all programs is November 1, 2018.

Official deadlines vary. Find all application deadlines at uoft.me/important-application-dates.

Although we will accept applications until the official deadline, we strongly encourage all interested students to submit their applications by the recommended deadline. Spaces in programs are filled on an ongoing basis and programs may close before published deadlines.

Once we receive your application we will send you an email acknowledgement, including full information about the next steps in the application process.

DOCUMENT DEADLINE

Document deadlines vary by division—for a complete list of document deadlines visit uoft.me/important-application-dates.

We encourage you to submit all required documents well in advance of the posted deadlines.

TUITION FEES 2018-19

The cost of attending university varies depending on program of study and place of residence during the academic year (September through April).

	INTERNATIONAL STUDENT †		CANADIAN CITIZEN, PERMANENT RESIDENT	
	\$ CAN	\$ US*	\$ CAN	\$ US*
Applied Science & Engineering	57,085.84	44,281.49	17,381.84	13,483.09
Architecture, Landscape, and Design	51,252.20	39,756.33	8,232.20	6,385.72
Arts, Science, Commerce, and Management (U of T St. George, U of T Mississauga and U of T Scarborough)	51,878.20 - 52,496.62	40,241.92 - 40,721.63	8,234.20 - 8,852.62	6,387.27 - 6,866.98
Music	36,924.20	28,642.10	8,900.20	6,903.89
Kinesiology & Physical Education	36,261.20	28,127.81	8,237.20	6,389.60

Fees reflect students entering their studies in Fall 2018. Tuition fees increase in the second year of some programs. A complete tuition fee schedule is available at fees.utoronto.ca. *Currency conversion calculated on 25/05/2018. Current currency conversions are available at bankofcanada.ca. †Includes compulsory university health insurance plan (\$624 Canadian dollars). Learn more at studentlife.utoronto.ca/cie/uhip.

SCHOLARSHIPS & FINANCIAL AID

There are many sources of aid available to help you cover the cost of your education. U of T is a recognized postsecondary institution for Federal Direct Loans (PLUS/ Subsidized/Unsubsidized). U.S. citizens can apply for financial assistance from the U.S. William D. Ford Federal Direct Loan Program and private loans from Sallie Mae. Education Savings Plans and U.S. Federal Education Tax credits for eligible programs are also applicable. Learn more at uoft.me/usloans.

We welcome any questions you may have about financial aid for students from the United States. Please reach out anytime.

For U.S. loans inquiries: usa.financialaid@utoronto.ca
For U of T award inquiries: awards.uoft@utoronto.ca

STUDY PERMITS & IMMIGRATION

If you are not a Canadian Citizen or Permanent Resident of Canada, you must obtain a valid study permit before entering Canada. Required documents typically include: offer of admission to a university, evidence of adequate funds, proof of medical clearance, and other documentation requested by the issuing office. Study permit information is available through Immigration, Refugees and Citizenship Canada: www.cic.gc.ca/english/study

International students are eligible to work on or off campus part-time during the school year and full-time between sessions. Eligible international students can stay and work in Canada for up to three years after graduation. Visit uoft.me/cie for more information.

Amitai from Palo Alto, CA

Recent Alum; Major in Human Geography and a double minor in Geographic Information Systems and Linguistics

"One reason I chose U of T was the academic flexibility: I loved the idea of being able to study almost any academic subject imaginable."

Jaimi from Scottsdale, AZ

4th Year Student; Double Major in International Relations and History

"I chose the University of Toronto because I wanted to go to a reputable school in a large, vibrant city. I fell in love with Toronto when I first came on a visit, and was amazed at everything U of T had to offer in terms of academics and extracurriculars. I couldn't be happier with my choice!"

STUDY WHERE THE WORLD COMES TOGETHER.

THE LESTER B. PEARSON INTERNATIONAL SCHOLARSHIPS.

Covering tuition fees and living expenses for four years, the **Lester B. Pearson International Scholarships at the University of Toronto** offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world's most welcoming multicultural cities, where students come from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you.

By 2020, U of T will fund 150 Pearson Scholars on an ongoing basis. **Visit pearson.utoronto.ca to learn more.**
