University of Toronto Crown Ward Grant

The University of Toronto Crown Ward grant helps eligible students with their tuition costs. Eligible students will receive 50% of their tuition costs, to a maximum of $3,000, per academic year.

Eligibility

- A student must be receiving OSAP in the current academic year and have self-identified on their OSAP application as being a Crown ward or in receipt of the Extended Care and Maintenance Allowance; and
- A student must be registered in full time studies as defined by OSAP (60% full-time, 40% for students with permanent disabilities); and
- A student must be registered in a direct-entry (1st entry) program; and
- A student can receive one Crown Ward Grant per academic year and a maximum of 4 in their lifetime.

How will the Grant be paid?

OSAP recipients no need to apply. Students are automatically considered based on their OSAP application.

The grant will be paid in two equal instalments after a student’s enrolment is confirmed for each study term. It will be paid against outstanding fees first. Any remaining grant will be deposited directly into the student’s back account. It is important that the student’s bank account information is up-to-date on their ACORN account to ensure that they receive their funding in a timely manner.

Interaction with Other Assistance

The University of Toronto Crown Ward Grant is provided in addition to any OSAP funding a student may receive and in addition to any UTAPS a student may receive.

Students are not required to report their University of Toronto Crown Ward Grant to OSAP.
