

1 UNIVERSITY | 3 CAMPUSES

MISSISSAUGA ST. GEORGE SCARBOROUGH

INTERNATIONAL UNDERGRADUATE ADMISSIONS BULLETIN 2024-2025

#1

UNIVERSITY IN CANADA

(2024 QS World University Rankings, 2023 Times Higher Education World University Rankings)

Established in 1827, the University of Toronto is among North America's most renowned universities. U of T is Canada's #1 university, according to the Times Higher Education World University Rankings, and the ShanghaiRankings Consultancy's Academic Ranking of World Universities. No other Canadian university offers as wide a range of resources, programs, and opportunities. Learn more at:

future.utoronto.ca

#1 ENGINEERING SCHOOL IN CANADA

(2023 Times Higher Education World University Rankings)

#1 SUSTAINABLE UNIVERSITY IN CANADA

(QS World University Rankings: Sustainability 2023)

#11 IN THE WORLD FOR GRADUATE EMPLOYABILITY

(2022 Times Higher Education Global University Employabiitlity)

TOP 5 in the world for research output

200+ courses across our three campuses in which undergraduate students have a direct hand in faculty and industry research

HOW TO APPLY

Applicants wishing to be considered for admission to several Ontario universities should apply to the University of Toronto through the Ontario Universities' Application Centre (OUAC).

Applicants who are interested in applying *only* to the University of Toronto, who reside outside of Canada, and who are neither currently studying nor have previously studied in Canada may apply using the "University of Toronto International application."

We encourage you to apply well in advance of published deadlines. Spaces fill quickly and programs may close before the application deadlines listed below. For complete details:

future.utoronto.ca/apply/

NOTICE

We are aware that third parties around the world are misrepresenting themselves as agents, staff, or officers of the University of Toronto, and are extending fraudulent offers of admission and scholarships to prospective students. We urge you to protect yourself by reviewing how we will be communicating with you.

future.utoronto.ca/fraud

APPLICATION DEADLINES

Submitting a complete application as early as possible allows your application to be considered for a wider range of admission opportunities—and, in many cases, permits earlier decisions.

DOCUMENT DEADLINES

Document deadlines vary by division. For a complete list of document deadlines, visit:

uoft.me/document-deadlines

We encourage applicants to submit all required documents well in advance of posted deadlines. Once we receive your application, we will send you an email acknowledgement with next steps.

ADMISSION REQUIREMENTS

Applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. Minimum admission requirements vary by educational jurisdiction and program of study. All applicants are required to present a Senior Year/Grade 12 English course for admission consideration. All programs have limited spaces and selection is competitive. Some programs require a supplementary application. More at:

future.utoronto.ca/apply/requirements

STUDYING IN CANADA

Student Permit/Visa

If you are not a citizen or permanent resident of Canada, you should apply for a study permit and entry visa (depending on your citizenship) as soon as you receive your letter of admission from the University. You can obtain applications for these documents from a Canadian embassy or consulate before departing.

To obtain a study permit, international students must demonstrate to Immigration, Refugees and Citizenship Canada that they have sufficient resources to cover tuition fees and all living expenses for at least one year. Complete details can be found at:

cic.gc.ca

Centre for International Experience

Adapting to a new cultural environment and a new educational system may present some unexpected challenges. The Centre for International Experience is ready to help you with a wide range of services and programs:

cic.utoronto.ca

Guardianship

If you are an international student under the age of 18, you may be asked by Immigration, Refugees and Citizenship Canada to find a Canadian citizen to act as a guardian. Your family is responsible for satisfying this requirement.

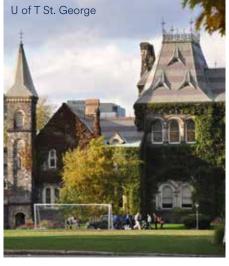

AFTER YOU'VE APPLIED

About a week after you submit your application, you'll get an email acknowledging that we've received your application. The email will also ask you to activate a set of personal login credentials and then sign into your **JOIN U of T** Applicant Portal at **join.utoronto.ca**. This will unlock the second step of the application process.

JOIN U of T is a one-stop applicant dashboard that lists everything we need from you and your next steps. It's the first place you should go if you want to check the status of your application, and it's the best place to go if you're not sure what to do next. When you log in, you'll be able to see if you need to provide any additional information and access our online residence application.

It's important to note that engineering applicants will be redirected to a separate portal after signing into JOIN U of T, called the Engineering Applicant Portal, where you'll be able to complete the rest of your application. Be sure to submit any required documents by the deadlines listed in your portal.

UNIVERSITY TRANSFER APPLICANTS

Admission consideration is based on the overall academic record, with an emphasis on the most recent (or highest) level of study completed, and results in prerequisite subjects. Prerequisites must be completed at the Senior Year/Grade 12 level or at the undergraduate level.

Applicants are required to disclose and provide transcripts for all secondary and postsecondary level study completed.

Some programs do not consider applications from students who have previously attended a postsecondary institution. Be sure the program in which you are interested will consider your application.

Transfer credit may be granted for undergraduate studies completed at a recognized postsecondary institution. Details about the transfer credit process will be provided after an offer of admission is made. Prospective students should consult the website of their target faculty for more information.

Applicants who already hold a bachelor's degree from a recognized postsecondary institution can only apply to a different field of study. For instance, students who have completed a degree in, or have majored in, economics, management, commerce or business, cannot complete a Bachelor of Commerce or Bachelor of Business Administration at U of T. If admitted to a different program, these applicants will be granted a maximum of one year of transfer credits (five full credit courses). Individuals who already hold an undergraduate degree in Engineering are not eligible to apply for undergraduate studies at U of T Engineering.

uoft.me/ENGtransfer

Undergraduate degree holders who wish to take additional undergraduate courses, perhaps in order to qualify for graduate studies, may consider applying for Non-degree studies. Please note that it may not be possible to register as a Non-degree student in courses that are in high demand.

uoft.me/transferal

ENGLISH LANGUAGE REQUIREMENTS

Proof of adequate English facility is required from all applicants except for those:

- whose first language (i.e., the language learned at home as a child) is English; or
- who have achieved satisfactory results in at least four years of full-time academic study in an English language school system located in a country where the dominant language is English; or
- whose first language is French and who have achieved satisfactory results in at least four years of full-time academic study in Canada.

Common English Proficiency Tests/Qualifications

Other English Language Tests/Qualifications are also considered. For a comprehensive list and complete details on our English language proficiencyrequirements, be sure to visit:

uoft.me/elr

ACADEMIC ENGLISH COURSE, SCHOOL OF CONTINUING STUDIES, UNIVERSITY OF TORONTO

The minimum requirement is completion of Academic English Level 60 with grade of 'B'. Learn more:

uoft.me/academic-english-program

DUOLINGO ENGLISH TEST

The minimum requirement is an overall score of 120 with no subscore below 100.

GCE A/AS LEVEL ENGLISH

The minimum requirement is English or English Language with grade of 'C.'

GCSE/IGCSE/GCE O LEVEL ENGLISH

The minimum requirement is English or English Language or English as a Second Language with a final grade of 'B' (or '6' in reformed qualifications).

INTERNATIONAL BACCALAUREATE ENGLISH

The minimum requirement is Higher Level or Standard Level English A: Literature or English A: Language and Literature with a score of 4 (predicted or final). English B Higher Level is not acceptable.

INTERNATIONAL ENGLISH LANGUAGE TESTING SYSTEM (IELTS) ACADEMIC

The minimum requirement is an overall band of 6.5 with no band lower than 6.0.

PEARSON TEST OF ENGLISH (PTE) ACADEMIC

The minimum requirement is an overall score of 65 with no part below 60.

TOEFL IBT

The minimum requirement is at total score of 89 with 22 in each of Speaking and Writing.

ENGLISH LANGUAGE PATHWAY PROGRAMS

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet our English language requirement. They are offered on each campus and range in length from six weeks to eight months. Such programs include:

- Academic Culture and English Program (ACE@UTM)
- uoft.me/utmace
- Academic English (AE@UTSC) uoft.me/academicenglish

INTERNATIONAL FOUNDATION PROGRAM

The International Foundation Program (IFP) is a unique offering that combines conditional acceptance to the University of Toronto with intensive English language and academic skills development instruction, combined with for-credit courses. The IFP is available to academically qualified international students whose English fluency scores do not meet the University of Toronto's direct entrance requirements. Learn more:

internationalprograms.utoronto.ca

SECOND-ENTRY PROGRAMS

Many programs have admission prerequisites at the postsecondary level. Learn more at:

WORKING IN CANADA

International students are permitted to work part-time and may be able to incorporate paid work terms into their academic programs. After you graduate, you may be allowed to live and work in Canada, full-time, for up to three years.

Work as Part of Your Academic Program

Paid work placements are part of Co-op programs at U of T Scarborough, the Professional Experience Year Co-op Program available to Engineering students and eligible UTM students, and the Arts & Science Internship Program available to eligible Faculty of Arts & Science students:

uoft.me/uoftscarboroughcoop uoft.me/peycoop uoft.me/asip

Part-Time Work

Part-time work on or off campus allows you to earn extra spending money. Not only is it an excellent opportunity to gain practical Canadian work experience, but it will also allow you to expand your social experiences. You may obtain permission to work part-time off campus following six months of study. You may also stay in the Greater Toronto Area and work full-time during holidays and between academic terms. Learn more:

uoft.me/cie

Finding Work

Our Career Centres can help you to prepare for job interviews, research career paths, find jobs, and much more:

uoft.me/careers

SCHOLARSHIPS & STUDENT AID

All applicants are considered automatically for admission scholarships based on their academic performance. Applicants will be notified of scholarships. To explore all U of T scholarship opportunities, including those that require a separate application, visit our Award Explorer at:

awardexplorer.utoronto.ca

The University of Toronto has a longstanding commitment to promoting access through financial support. Canadian citizens and permanent residents who are living outside Canada are also eligible for the University of Toronto's financial aid support for students in financial need.

U.S. citizens can apply for financial assistance from the U.S. William D. Ford Federal Direct Loan Program. The University of Toronto is a recognized postsecondary institution for Federal Direct Loans (PLUS/Subsidized/Unsubsidized). Education Savings Plans, and U.S. Federal Education Tax credits are also applicable. Complete details can be found at:

uoft.me/usloans

U of T Engineering Scholarships

The Faculty of Applied Science & Engineering has scholarships available for international students:

uoft.me/engscholarship

Lester B. Pearson International Scholarships

TUITION FOR 4 YEARSLIVING COSTS

✓ FEES & BOOKS

Covering tuition fees and living expenses for four years, the Lester B. Pearson International Scholarships at the University of Toronto offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world's most welcoming multicultural cities, where students come from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you. Learn more at:

pearson.utoronto.ca

TUITION FEES 2023-2024

The cost of attending university varies depending on your program of study and place of residence during the Fall-Winter academic year. Updated fees for 2024-2025 will be available in the summer of 2024.

HOUSING & RESIDENCE OPTIONS

Housing is guaranteed for all new full-time students entering their first year of a postsecondary program program for the first time, provided that they have indicated their interest in residence by completing the First Year StarRez application by **March 31**, and receive and accept an offer of admission by **June 1**. Students must respond to all deadlines and meet all deposit requirements in order to maintain their eligibility. Each of our three campuses has a student housing office where you can learn more about living on- and off-campus.

PROGRAMS OF STUDY: ARTS, SCIENCES & BUSINESS Admission Consideration All program areas require Senior Year/Grade 12 English. Mathematics (including Calculus) is required for programs with Mathematics prerequisites. The admission selection process is based on your complete academic record, including results in prerequisite subjects, plus requested supplementary or profile information. Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students whose grades are the result of a single attempt at each course. Details about admission requirements pertaining to your educational jurisdiction are available at: future.utoronto.ca/apply When building an Arts, Science, or Business degree on your chosen campus, TRI-CAMPUS LEGEND ou can mix and match Specialist (9-16 credits), Major (6-9 credits), and Bio = Biology S = Specialist program Minor (4-5 credits) programs to suit your goals. For example, you can Ma = Major program oursue a Specialist, or two Majors, or one Major and two Minors. Overall, E = English Mi = Minor program your undergraduate degree, you will take at least 20 credits across Fr = French Co = Co-op degree option (academic programs, plus co-op courses and paid Ita = Italian work terms relevant to your programs) MAJOR M = Mathematics, incl. PROGRAMS OF STUDY: PROFESSIONAL FACULTIES AT U OF T ST. GEORGE

¶ Admission is offered by the Institution for Management &

Science Specialist or Major.

University approvals.

 $\boldsymbol{\Delta}$ Limited to high school applicants.

Innovation (IMI) and is open only to students enrolled in a

[†] Co-op pilot program tentatively launching in 2024, subject to

FACULTY OF APPLIED SCIENCE & ENGINEERING (BASc; BASc in **Engineering Science**)

Language Teaching & Learning:

Language Teaching & Learning: French & Italian

Language Teaching & Learning: Italian

Latin American & Caribbean

All applicants are required to submit an Online Student Profile. The Admissions Committee considers a candidate's overall academic history with emphasis on the prerequisite course average, along with the information provided in the Online Student Profile. Math with calculus is required for studies in Engineering. In cases where applicants are not able to present a required prerequisite subject through their high school, it may be replaced with an approved alternative. Contact the Engineering Undergraduate Admissions Office for details.

TrackOne Undeelared Engineering	TEO	Ch E M Ph	

Once registered in one of the above programs, Engineering students may customize their academic experience through any of 24 available minors and certificates, including: Artificial Intelligence Engineering, Advanced Manufacturing, Bioengineering, Engineering Business, Environmental Engineering, Global Leadership (new and starting in 2024-25), Music Performance, Nanoengineering, Robotics and Mechatronics, and Sustainable Energy. For complete details on eligibility and requirements, see: uoft.me/engineering-minor-certificates

JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN (HBA)

All students are required to complete the One Idea supplementary application to be considered for admission. The deadline for the One Idea supplementary application is February 1, 2024. Details can be found at uoft.me/ oneidea. Please note that both professions of Architecture and Landscape Architecture require a graduate degree at the Master's level.

Program	OUAC Program Code	Admission Prerequisites
Architectural Studies	TLA	E
Visual Studies	TLB	E

FACULTY OF MUSIC (Mus.Bac; Mus.Bac.Perf)

All applicants are required to submit a Music Questionnaire by **January 15, 2024**. The Music Questionnaire will be available online at **uoft.me/applyundergrad** in November.

An audition/interview is a required part of the application process. For details and guidelines, please visit:

All classical applicants must provide proof of completion of RCM Level 8 Theory (or equivalent) with a minimum grade of 60%, **by June 21, 2024**. RCM Level 9 Harmony is also strongly recommended. Classical applicants have the option of taking the Classical Faculty of Music Entrance Theory Exam. All Jazz applicants will be required to write the Faculty of Music Jazz Entrance Theory Exam.

Program	OUAC Program Code	Admission Prerequisites
Artist Diploma	TO	E, Audition Required
Music Composition Comprehensive Studies – Classical or Jazz History, Culture, and Theory	TZ	E, Audition Required
Music Education – Classical or Jazz	TD	E, Audition Required
Performance – Classical or Jazz	TX	E, Audition Required

FACULTY OF KINESIOLOGY & PHYSICAL EDUCATION (BKin)

All applicants must complete an online Statement of Interest by February 1, 2024. Students planning to take upper-year biology courses in university should take Grade 12 Chemistr Students who wish to add a major or minor in Psychology or Physics to their BKin degree should take Grade 12

Within the BKin degree, KPE students have the opportunity to participate in two certificate programs: one in Global Kinesiology and Physical Education, and the other in Physical Activity Instruction. A combined Master of Teaching (MT) program from the Ontario Institute for Studies in Education is also available. Learn more at kinesiology.utoronto.ca.

OUAC Program Code Admission Prerequisites Bio/Ch/Ph, E, M, (rec. Introductory Kinesiology and Physical Education Kinesiology/Exercise Science)

ADMISSION REQUIREMENTS FOR COMMON INTERNATIONAL EDUCATION SYSTEMS

Students applying to U of T Engineering programs should consult system-specific international admission requirements by visiting discover.engineering.utoronto.ca/how-to-apply

is program is available as a Combined Degree Program (CDP) that

onfers both the Bachelor's degree and a Master's degree.

Curriculum	Admission Requirements °	English Prerequisite**	Mathematics Prerequisite ^a	
British-Patterned Education	Arts, Science, Commerce/Management, Architectural/Visual Studies, Kinesiology & Physical Education, and Music At least five different academic GCSE/IGCSE/Ordinary Level subjects and four different academic subjects at Advanced Subsidiary Level OR three different academic subjects at the Advanced Level (excluding General Paper). All examinations must be conducted by an examination authority located in the UK or an equivalent authority elsewhere. Prerequisites should be presented at Advanced or Advanced Subsidiary level with the exception of English, which may be presented at the IGCSE/GCSE/GCE O/AS or A Level.	GCSE/IGCSE/Ordinary Level English, English Language, or English as a Second Language, OR AS Level/A Level English or English Language	Math AS Level/A Level/AL Pure Mathematics	
	Engineering Three A-Levels including Mathematics and Physics. Chemistry is strongly recommended as the third A-Level. Applicants are required to present at least AS-Level Chemistry. U of T Engineering does not grant advanced standing for A-Level subjects. United States	Arts, Science, Commerce/Management, Architectural/Visual Studies, Kinesiology & Physical Education, and Music U.S. Senior Year/Grade 12 in an accredited high school with a high grade point average. We expect competitive applicants to be enrolled in a rigorous academic course load, and to have taken the highest level of course available to them in prerequisite subjects. For 2024 admissions, U of T is test optional. Students who cannot or choose not to submit test results will not be disadvantaged in the admissions process; however, students who have written SAT or ACT tests previously, and wish to have these considered in their assessment, are encouraged to submit their scores.	Grade 12 English	Grade 12 Calculus / AP Calculus	
	Engineering Grade 12 at an accredited high school with a high grade point average. Competitive candidates are expected to present two years of Math (including Calculus), one year of Chemistry (two years preferred), and Physics with excellent results in all senior level courses (AP, Honors or equivalent). Students who are not able to take more than one year of Chemistry or Physics, or who are not taking an AP course in that subject, should contact the Engineering Undergraduate Admissions Office directly to discuss other options to meet admission prerequisites requirements. For 2024 admissions, U of T is test optional. However, we encourage students to submit any SAT, ACT or AP exams that they have completed. U of T Engineering does not grant advanced standing credit for AP courses. Complete details can be found at discover.engineering.utoronto.ca	Grade 12 English	Grade 12 Calculus / AP Calculus
