UNIVERSITY OF
TORONTO

CHOOSE YOUR OWN ADVENTURE

2024-2025 VIEWBOOK

CANADA'S FLAGSHIP UNIVERSITY

Students choose from 700+ undergraduate programs while tapping into a 660,000-strong alumni network spanning 170+ countries.

Every student enjoys access to worldwide industry partnerships, cutting-edge labs and studios, and research collaborators who will become lifelong friends. An innovation powerhouse that attracts $1.45 billion in research funding each year, and a caring community that nurtures every newcomer, U of T has something for everyone.

We are committed to enhancing access and equity across all of our campuses. We strive to attract students who reflect Canada's diversity and can strengthen our community with a breadth of viewpoints and lived experiences.

#1 UNIVERSITY IN CANADA

(2023 Times Higher Education World University Rankings, 2023 ShanghaiRanking Consultancy Academic Ranking of World Universities)

#1 ENGINEERING SCHOOL IN CANADA

(2023 Times Higher Education World University Rankings)

#2 SUSTAINABLE UNIVERSITY IN THE WORLD

(QS World University Rankings: Sustainability 2023)

#11 IN THE WORLD FOR GRADUATE EMPLOYABILITY

(2022 Times Higher Education Global University Employability Ranking)

GREATER TORONTO AREA

A research and development hotbed, the Greater Toronto Area (GTA) contributes $450 billion a year to the Canadian economy.

The GTA is one of the safest urban centres globally, and is made up of several regions and neighbourhoods where the world comes to learn, laugh, build bridges, and celebrate diversity. Toronto also ranks as the best business city on the planet for working women.

BE ENTERTAINED
11 major league sports teams, 90+ performing arts theatres, 500+ live music venues.

PARKLIFE
300 acres of parkland surround the Scarborough campus, 225 acres of greenbelt land surround the Mississauga campus.

HOME TO ALL
180+ languages and dialects spoken, 8,000+ diverse dining establishments.

LAND ACKNOWLEDGEMENT

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

TOP 5

IN THE WORLD FOR RESEARCH OUTPUT

200+

COURSES ACROSS OUR THREE CAMPUSES
IN WHICH UNDERGRADUATE STUDENTS
HAVE A DIRECT HAND IN FACULTY AND
INDUSTRY RESEARCH

Ever wonder what it's like to uncover artifacts that haven't seen daylight in centuries, or observe international trade negotiations?

Our unique Research Opportunity Programs (ROPs), Research Excursion Programs (REPs), International Course Modules (ICMs), co-op programs, learning abroad networks, field schools, and independent study courses were designed for students just like you. Get your hands dirty. Get published. Put your skills to work in the world's biodiversity hotspots, or team up with security researchers right here on campus to safeguard democracy on the internet. Explore the steppes of Central Asia in your junior year, then help devise microfluidic tests for emerging viral threats in your senior year. Your degree is yours to customize.

12+

INCUBATORS AND ACCELERATORS

EMPLOYABILITY

U of T is the top public university in North America for the employability of our graduates. Our alumni can be found working and innovating at multinational firms and organizations including: Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, Amnesty International, and more.

ENTREPRENEURSHIP

Start a startup! 250+ entrepreneurship courses are offered across our three campuses, attracting thousands of registrants. All entrepreneurship resources at U of T are open to students from all three campuses, no matter what program or year you're in.

GLOBAL LEARNING

Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. The University of Toronto is committed to engaging at least 30% of our students with a global experience.

Through co-op placements, paid internships, learning abroad options in 160+ institutions, field schools, international course modules, and research opportunity programs, you'll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

350+

LEARNING ABROAD EXPEREINCES TO CHOOSE FROM

An Earth Sciences student learns hands-on geology on a field trip to New Zealand

Students can work towards a **Global Scholar** designation by taking a curated set of courses offered by their program or faculty. When those courses are completed, students will receive a "Global Scholar" notation on their transcript.

1 UNIVERSITY 3 CAMPUSES

Our tri-campus system makes it easy for students to learn, network, and innovate in Canada's economic centre, just steps from some of the world's most exciting and diverse neighbourhoods.

You can apply to one admission category per academic division. Our seven first-entry academic divisions are U of T Mississauga, U of T Scarborough, plus five faculties at U of T St. George:

- **FACULTY OF APPLIED SCIENCE & ENGINEERING**
- **JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN**
- **FACULTY OF ARTS & SCIENCE**
- **FACULTY OF KINESIOLOGY & PHYSICAL EDUCATION**
- **FACULTY OF MUSIC**

Once you're a registered student, you'll be able to personalize your degree with majors, minors, specialists, and certificates.
OUR COLLEGE SYSTEM

Every Arts & Science student on the St. George campus is a member of a college with a distinct history and a rich array of resources. Whether you live on or off campus, you'll have access to core services, including academic advising and financial counselling — plus countless social experiences.

uoft.me/yourcollege

Map of Ontario

The University of Toronto St. George is home to ivy-laced courtyards and celebrated programs in Engineering, Music, Architectural & Visual Studies, Kinesiology & Physical Education, and more.
U OF T ST. GEORGE (UTSG)

U OF T SCARBOROUGH (UTSC)

U OF T MISSISSAUGA (UTM)

Located on the banks of the Credit River, the University of Toronto Mississauga boasts a world-class research environment in proximity to hundreds of major biotechnology and robotics firms.

A global leader in community-engaged research, the University of Toronto Scarborough offers co-op programs in over 50 fields.
UNDERGRADUATE OPPORTUNITIES

Students at each of our three campuses and all of our faculties benefit from distinctive learning environments, experiences, and co-curricular opportunities, while earning the same prestigious U of T degree.

Our students also have the opportunity to customize their degrees with specializations, majors, minors, and certificates. Build a degree that suits your goals and interests by mixing program areas and experiences.

ST. GEORGE

At the heart of downtown Toronto, one of the world's most diverse and dynamic cities, the St. George campus offers countless co-curricular activities. Just beyond the campus are the many neighbourhoods and industries that make Toronto a global meeting place. U of T St. George is rich with journeys, stories, and starting points for every student.

Faculty of ARTS & SCIENCE

With 340+ programs to choose from, Arts & Science students can explore many interests and take a range of classes—big and small. For a close-knit classroom environment, explore our First-Year Foundations programs, including 100+ first-year seminars, each with fewer than 25 students. You'll also have the chance to apply course concepts to real-world settings by participating in research projects, international exchanges, and paid work experiences.

artsci.utoronto.ca

John H. Daniels Faculty of ARCHITECTURE, LANDSCAPE, & DESIGN

Whether you aspire to be an urban planner, a filmmaker, a UX/UI designer, an art critic, or something we can't yet imagine, our programs in Architectural Studies and Visual Studies will immerse you in the living laboratory of downtown Toronto. From day one you'll be mentored by leading lights in building science, landscape architecture, public policy, curation, and sustainable energy.

daniels.utoronto.ca

Faculty of APPLIED SCIENCE & ENGINEERING

Whether you plan to work in industry, start your own business or pursue further studies, you will graduate equipped with strong technical fundamentals, professional confidence, and a global perspective. Customization is a big part of the U of T Engineering experience. Combine any of our academic programs with a range of leadership and entrepreneurship opportunities, such as the PEY Co-op program where you can gain up to 20 months of work experience.

discover.engineering.utoronto.ca

Faculty of KINESIOLOGY & PHYSICAL EDUCATION

Explore all aspects of movement in our multidisciplinary program, from exercise physiology to ethical issues. Combining theory and practice across the curriculum, the BKin program offers many avenues to gain hands-on experience and build a solid foundation to address contemporary issues related to health. Focus your degree in an area you're passionate about by choosing from a wide breadth of courses and experiential learning opportunities.

kinesiology.utoronto.ca

Faculty of MUSIC

A degree in Music fosters critical thinking, discipline, and teamwork. Our alumni have gone on to score films, pioneer new technologies, and pack concert halls. Music students take part in a total of 600+ concerts and recitals each year. From Early Music, to Jazz, to West African Drumming and Dancing, to Japanese Taiko Drumming, we bring the diversity of Canada into the classroom.

music.utoronto.ca

MISSISSAUGA

U of T Mississauga invites you into a natural, forested campus steps away from one of the world's most vibrant city regions. Here, you'll make your mark in 180+ program options across every field imaginable: from forensic science to digital enterprise management. And you'll earn your U of T degree in a kind, close-knit community full of supports to help you flourish.

utm.utoronto.ca

SCARBOROUGH

With 50+ co-op programs in the arts, sciences, and business, U of T Scarborough is also home to an Olympic-calibre sports complex, 200+ student groups, and some of the world's most diverse neighbourhoods. From community-focused learning to international development co-op opportunities, you start building a truly multidisciplinary career as soon as you set foot on campus.

utsc.utoronto.ca

PROGRAMS OF STUDY

U OF T ST. GEORGE

ADMISSION CONSIDERATION

All programs require an Ontario Secondary School Diploma (OSSD), and six Grade 12 U/M subjects, including ENG4U/EAE4U and any other prerequisites. Admission requirements for students from other Canadian provinces and territories can be found at **future.utoronto.ca/apply/requirements**. The admission selection process includes consideration of the Grade 11 and Grade 12 academic record. Emphasis is placed on Grade 11 results where marks in the required number of Grade 12 courses are not yet available.

Admission is competitive and subject to space availability. The University of Toronto reserves the right to give preference to students with a consistent academic record whose marks are the result of a single attempt at each course. The "Approximate Grade Requirement" indicated for each admission category is based on the admission average from the previous year. Grade requirements can vary from year to year, depending on the number and quality of applicants. The specified range is intended as a general guideline only.

Programs are to be completed in four years, except for Co-op International Development Studies, and the Double Degree (BBA & HBSc), which take five years to complete.

Applicants to Management, Paramedicine, International Development Studies and the Double Degree (BBA & HBSc) must complete a Supplemental Application. Learn more: **uoft.me/utsc-saf**

^ Pursuing a career as a doctor, nurse, physical therapist, dentist, physician assistant, pharmacist, or other health-care professional is a big goal. U of T Scarborough's Health Sciences stream is designed to prepare you for career success and provide a competitive advantage. Alongside a BSc degree, you will earn a unique certificate that will cultivate skills like leadership, communication, equity, and critical thinking. This stream is open to high school applicants only and is not available to international students.

Ø While not required for admission, to pursue a specialist in Biological Sciences or Neuroscience, you will need to take a Grade 12 Calculus & Vectors or equivalent.

* U of T degree plus Centennial College diploma earned.

** U of T degree plus Centennial College certificate earned.

*** While not required for admission, to pursue International Development Studies (HBSc stream), you will need to have completed Advanced Functions and Biology; Chemistry is recommended.

§ No direct entry from high school. At least one year of post-secondary required.

± Not available for international students.

⊥ Limited to high school applicants.

ᵈ Applicants who have completed the Paramedicine diploma program at Centennial College will also be considered.

‡ While not required for admission, to pursue Mental Health Studies or Psychology, Grade 12 Mathematics and Biology are required.

UTSC offers a number of Combined Degree Programs (CDPs). These are not direct-entry from high school. Applicants to a CDP must be enrolled in good standing in their undergraduate program to qualify for conditional admission to their target graduate program, typically in their third year of full-time undergraduate study. Learn more: **uoft.me/combined**

ᶠ This program is available as a Combined Degree Program (CDP) that confers both the Bachelor's degree and a Master's degree.

Not all learning takes place in the classroom, and not everyone learns in the same way. Finding the best way to balance school, work, home, and health can be daunting! We get that life is complicated, and we're here to help.

STUDENT SUPPORT

Meet with a Learning Strategist, an International Transition Advisor, a Campus Chaplain, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office.

uoft.me/student-support

QUEER ORIENTATION

U of T's Sexual & Gender Diversity Office is the oldest of its kind (20+ years) at any postsecondary institution in Canada. Our annual Queer Orientation is a huge draw for many students and our campuses are home to 20+ student groups for queer and trans undergraduate students. U of T's Health & Wellness clinics have a Trans Healthcare Team, whose services are open to students from all three campuses.
uoft.me/queerorientation

ACCESS INCLUSION

There are 80+ alumni and peer mentor programs across our three campuses, including groups for mature students, Black, Indigenous, Latin American, and Southeast Asian students, first generation students, and students with family responsibilities.

uoft.me/accessinclusion

INDIGENOUS STUDENTS

U of T provides a wide range of supports to Indigenous students. Work with an Indigenous Learning Strategist and take part in a wide range of cultural events to sharpen your study techniques, enrich your journey, and grow your leadership skills.

HART HOUSE

Hart House is a centre for experiential education outside the classroom, where students from all three of our campuses find welcoming and unique ways to connect with each other and the broader world through engagement with the arts, dialogue, and wellness. From peer groups for study and social justice-based community talks to art exhibitions, theatre workshops, and classes to strengthen the body and spirit, Hart House offers something for everyone, something for you.

Valkenburgh Associates

ST. GEORGE

The Landmark Project is one of the most significant open-space projects at the University of Toronto in the past 100 years. The project is transforming the heart of our downtown campus into a greener, sustainable and accessible park-like setting, with a stunning network of pedestrian-friendly spaces. When completed, this historic space will serve as a centrepiece of U of T's Climate Positive Campus plan, and will make our campus one of the premiere green spaces in Toronto's urban core.

SCARBOROUGH

The **Scarborough Academy of Medicine and Integrated Health** (SAMIH) is a very exciting and timely initiative. The project will not only provide a much-needed training facility for physicians and health-care professionals but will allow residents to be part of the bigger, future building initiative in health care. It will connect people directly to our local health-care institutions to provide essential care to our diverse community in Scarborough. It will also provide a future building for training and strengthen connections among health-care providers in the region.

MISSISSAUGA

We've got your back. Opening in late 2023, the **Student Services Hub** is U of T Mississauga's new first stop for supports to help students thrive. Here, you'll connect with knowledgeable, compassionate staff ready to share the resources that fit your life: from wellness programs to co-curricular experiences, accessibility services to global learning workshops. You'll meet with peer mentors, make new friends at special events, explore our expanded career services, international abroad opportunities, ways to get involved in mentorship and leadership, and more. It all comes together in one place because that's U of T Mississauga's vibe – supports that meet you where you are.

APPLY NOW ✏️

Join the University of Toronto and become part of a vibrant community. Admission is competitive, so it's best to apply early. Then, add @utoronto.ca to your safe senders list and keep a close eye on your inbox. About a week after you submit your application, we'll send you an acknowledgement email with further instructions.

For complete details and deadlines, check out our Undergraduate Admissions Bulletin, or **future.utoronto.ca/apply**

Shortly after we receive your Undergraduate Application from the **Ontario Universities' Application Centre** (OUAC), we will send you an acknowledgement email with details on how to access the **JOIN U of T** Applicant Portal: **join.utoronto.ca**.

JOIN U of T is a central hub for you to track your application status, view and submit required documents, find next steps, receive admissions decisions, and access other important information. Familiarize yourself with **JOIN U of T** and check it regularly for updates regarding your application.

If you've applied to Engineering, you'll complete your next steps on the Engineering Applicant Portal: **uoft.me/myportal**.

YOUR APPLICATION CHECKLIST

SUBMIT YOUR APPLICATION

☐ Applications for Fall 2024 open in **late September**. Keep an eye on **uoft.me/deadlines** for all important application deadlines.

☐ Find the Undergraduate Applications at **uoft.me/apply**.

☐ We recommend that you aim to submit your initial application by **November 7**. This will give you plenty of time to complete the next steps to be considered in all rounds of admission.

☐ Receive an acknowledgement email from U of T about one week after you submit your application. It will include your JOINid.

☐ Enable your JOINid and access the **JOIN U of T** Applicant Portal or the Engineering Applicant Portal.

☐ The final application deadline is **January 15**.

COMPLETE YOUR NEXT STEPS

☐ Find the list of required documents, forms, or supplemental applications on the JOIN U of T Applicant Portal.

☐ Submit all required documents, proof of English language facility (if required), and the Awards Profile (optional) by **February 1**. *However, we strongly encourage you to complete all of the next steps well ahead of deadlines.*

☐ Submit your residence application by **March 31**: **uoft.me/residence-app**

CONNECT WITH US

☐ Keep an eye on your inbox for more details about next steps, invitations to special applicant events, and opportunities to connect with your future community.

GET AN ADMISSION DECISION

☐ Most admission decisions are sent in rounds between **February and May**. Be sure to check JOIN U of T.

☐ Accept your offer of admission before the deadline posted on JOIN U of T.

FINANCE YOUR EDUCATION

Our newly admitted students are eligible for 7,100+ entrance awards, including about 150 scholarships valued at $10,000 each through the President's Scholars of Excellence Program— just one of thousands of awards for which incoming students are automatically considered. We provide 60% more financial aid per student than the Ontario system university average. Think you might be a contender?

Check what's available on the Award Explorer at **awardexplorer.utoronto.ca**

$284M
IN FINANCIAL AID AND AWARDS DISBURSED EACH YEAR

$166M
AVAILABLE ANNUALLY IN MERIT-BASED AWARDS

7,900
IN-COURSE AWARDS ARE ISSUED EACH YEAR

FINANCIAL AID

As Canada's largest university, we welcome **17,000+ new students** each fall. It's our hope that you'll be among them. We know that financing a university education is no small undertaking—it may involve a mix of awards, bursaries, grants, part-time work, loans, and family support. It will involve, most importantly, you.

To learn more about **financial aid programs, fees, awards, and budgeting tools**, visit **future.utoronto.ca/finances**

National Scholarship for outstanding Canadian students **future.utoronto.ca/national-scholarship**

Lester B. Pearson International Scholarship for exceptional international students. To become a Pearson Scholar, you must be nominated by your school and apply to undergraduate studies at the University of Toronto. **pearson.utoronto.ca**

University of Toronto Advanced Planning for Students (UTAPS) helps eligible full-time domestic students fill the financial gap for their educational costs not covered by their government student financial aid program. UTAPS provides non-repayable grants -- yes, money you don't have to pay back!

uoft.me/utaps

RESOURCES

Across U of T's first-entry landscape, **7,100+ admission scholarships** totalling almost $36 million are awarded each year, the majority of which are merit-based and awarded automatically—with no need for a separate application. Most awards can be combined with each other, and with financial aid.

The Ontario Student Assistance Program **(OSAP)** is government funded, comprises a mix of grants and loans, and assumes that a student's parents and guardians (or spouse, if applicable) will financially contribute to the cost of the degree—so, their income will be taken into account when you apply for OSAP. If your OSAP application is accepted, you'll also become eligible for other potential funding sources, like nonrepayable grants through **UTAPS**.

For more on eligibility, and a quick estimate of what **OSAP** can offer you, visit **ontario.ca/osap**

In addition to applying for financial assistance through OSAP or other government student financial assistance programs from other provinces/territories (e.g., StudentAid BC), students should complete a financial need application through the **Need Navigator** to be considered for **UTAPS**.
